NONE

11. **ACTIONS TO REMOVE BARRIERS TO COMPETITION:**

The NAVSUP Weapons Systems Support Source Development Department (NAVSUP-WSS) has a breakout program designed to convert as many acquisitions as possible to full and open competition. The Source Development Department has conducted a review of the available data required to support spares competition and it has been found to be inadequate. Potential new sources would be required, at an extensive cost, to develop the necessary attributes, i.e. specialized test equipment, tooling and alignment fixtures, special material and associated test criteria to successfully support spares of the subject item. Due to the complexity of the required test equipment and the high cost to develop the electrical and mechanical requirements, achieving competition is not possible at this time. No other manufacturer, other than Northrop Grumman (06481) has the expertise, facilities or equipment necessary for manufacturing the subject item. Future requirements will continue to be advertised in the FedBizOpps website (www.fedbizopps.gov) and in the NAVSUP Buy Requirements Listings. JDB

12. **STATEMENT OF DELIVERY REQUIREMENTS:**

(a) The required delivery date (month/year) is: JUNE, 2012

13. **REFERENCE TO THE APPROVED ACQUISITION PLAN:** An Acquisition Plan is not required for this acquisition.

14. **DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITIONS:** The specifications for the above articles have been reviewed and reflect the minimum needs of the Government.
