Statement of Requirement
for
PerkinElmer Optima 7000 DV ICP-Optical Emission Spectrometer,
S10 Auto Sampler and Chiller-6106PE Low Noise

1. **Scope.**
   Provide inspections and repairs of the three (3) major components or end items of equipment for one year that is used to test and treat wastewater.

2. **General Requirements.**
   One on-site preventative maintenance visit for the PerkinElmer Optima 7000 DV ICP-Optical Emission Spectrometer, S10 Auto Sampler and Chiller- 6106PE Low Noise.

   All worn or damaged parts shall be replaced with new parts.

   Provide Phone Support for conditions that can be resolved remotely.

   Discounted pricing for the training of Government personnel and prompt emergency on-site repair visits, if required.

3. **Specific Contractor Requirements.**
   ENTERPRISE-WIDE CONTRACTOR MANPOWER REPORTING APPLICATION (ECMRA). The contractor shall report ALL contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for the inspections and repairs of the Optima 7000 DV ICP-Optical Emission Spectrometer, S10 Auto Sampler and Chiller- 6106PE Low Noise via a secure data collection site. The contractor is required to completely fill in all required data fields using the following web address https://doncmra.nmci.navy.mil

   Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at https://doncmra.nmci.navy.mil."

4. **Safety.**

   Within one (1) hour of any mishap or incident resulting in personal injury (OSHA

of the mishap/incident shall be sent within 24 hours to IE&S/S11. The Government point of contact is Kathy Berry at 229-639-6284 or email kathy.berry@usmc.mil.

Mishap notifications shall contain, as a minimum, the following information:

1. Contract Number, Name of Company, and Name and Title of Person(s) Reporting
2. Date, Time, and exact location of accident/incident
3. Brief narrative of accident/incident (Events leading to accident/incident)
4. Cause of accident/incident, if known
5. Estimated cost of accident/incident (material and labor to repair/replace)
6. Nomenclature of equipment and personnel involved in accident/incident
7. Corrective actions (taken or proposed)
8. Other pertinent information

Contractor must fully cooperate with LOGCOM safety personnel during safety inspections of the workplace and inspections of required documentation. Should an accident occur and in the event the US government investigates the mishap, the contractor and subcontractors shall cooperate fully and assist government personnel during the investigation period. Instructions pertaining to the assistance required from the contractor in support of an investigation and the point of contact of the LOGCOM safety personnel involved in an investigation will be provided by the COR or the Contracting Officer.

Place of Performance.

MCLC Albany Ga. Maintenance Center, Industrial Wastewater Treatment Plant, Bldg. 2226, 814 Radford Blvd Albany, GA 31704
