DEFENSE LOGISTICS AGENCY
DLA Maritime at Mechanicsburg
5450 CARLISLE PIKE
MECHANICSBURG, PA 17055-0788

JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

REQUISITION NUMBER/PD: N0010414X9386 **FOLDER NUMBER:** 14127-0015

(Item Manager's Name) *Please Print*		(Extension)		(Code)
[redacted]		[redacted]		[redacted]
(Technician's Name) *Please Print*		(Extension)		(Code)
[redacted]		[redacted]		[redacted]
(Buyer's Name) *Please Print*		(Extension)		(Code)
[redacted]		[redacted]		[redacted]

1. IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:

DLA Maritime at Mechanicsburg.

2. NATURE/DESCRIPTION OF ACTION: This J&A is for the negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A cover the acquisition of the following article(s):

Nomen	CABLE ASSEMBLY,SPEC	Quantity	61
NSN	7HH 5995 012647413	Cage Code	0F1X1
P/N	5893735	Unit Price	[redacted]

Estimated Value (include option) [redacted]

Appropriation, Subhead and Cost Code:
97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PMT00000000

Option: Yes % Days No Option X

Item description required for all items:
Cable Assembly in the aft section of the MK48 Heavyweight torpedoes operate in a nasty hot, high pressure environment of engine exhaust gases. There are confidential aspects to these cables that are part of the testing. They are molded cables and get tested in a high pressure and high temperature test chamber that is programmed for a specific cycle to meet the spec.

spares C1 J&A
Revised 11/13

4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMCS) is 2S. For the reasons explained below, these Supplies are only available from the following source(s): 0F1X1

AMC 2. Suitable for competitive acquisition for the first time.

AMSC S. Acquisition of this item is restricted to Government approved source(s) because the production of this item involves unclassified but militarily sensitive technology (see FAR Subpart 6.3).

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The government will synopsize this contract action by posting a synopsis on FedBizOpps.gov as required by FAR Subpart 5.2.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A technical review, which consisted of searching several Government databases including ITIMP, FLIS and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sourced of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known manufacturing source is OTS.

9. ANY OTHER SUPPORTING FACTS:

OTS has been integral in the manufacture of the latest torpedo from the start, with some of our personnel being part of "the Shootout." OTS currently maintains all remaining in-process data used by Gould/Westinghouse/Northrop Grumman and TRW in the production of the MK48 torpedo. This technical data provides process insight not found on government drawings. Many of the on-call Cleveland consultants often utilize this data to reinforce knowledge from the past, thus mitigating risk.

Ordinance Technology Services, Inc. is one of the original manufacturers of the MK48 Heavyweight Torpedo. They have worked directly with ISEA NUWCDIVNPT to update the cable drawings to the correct specifications and assisted in the development of the confidential testing requirements called out on the drawings. They are also the only vendor that has the capability to test any of the cables.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition:

NONE AT THIS TIME.

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards. This item has been reviewed under the NAVSUP WSS limited screen process and determined that the item cannot be broken out. No additional actions to remove barriers to competition are required under this process.

REQUISITION NUMBER/PD: N0010414X9386 **FOLDER NUMBER: 14127-0015**

12. STATEMENT OF DELIVERY REQUIREMENTS:

(a) The required delivery date (month/year) is: 9/2015

(b) Ship To:
(N66604) NUWC NEWPORT DIVISION NEWPORT RI 02841-5047

13. REFERENCE TO THE APPROVED ACQUISITION PLAN: An Acquisition Plan is not required for this acquisition.

14. DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITIONS: The specifications for the above articles have been reviewed and reflect the minimum needs of the Government.
