DEFENSE LOGISTICS AGENCY
DLA Maritime at Mechanicsburg
5450 CARLISLE PIKE
MECHANICSBURG, PA 17055-0788

IN REPLY REFER TO:

JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

REQUISITION NUMBER/PD: N00104-14-X-6945 **FOLDER NUMBER:** 14078-0967

[redacted] [redacted] [redacted]
(Item Manager's Name) *Please Print* (Extension) (Code)

[redacted] [redacted] [redacted]
(Technician's Name) *Please Print* (Extension) (Code)

[redacted] [redacted] [redacted]
(Buyer's Name) *Please Print* (Extension) (Code)

1. IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:
DLA Maritime at Mechanicsburg .

2. NATURE/DESCRIPTION OF ACTION: This J&A is for the negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A cover the acquisition of the following article(s):

Nomen Cable Assembly Launcher Quantity 34

NSN 6145-01-568-8539 Cage Code 0DNZ3, 17476, 5GS63

P/N 7454380-2 Unit Price [redacted]

Estimated Value (include option) [redacted]

Appropriation, Subhead and Cost Code

97X4930 NC1A 000 81004 0 050120 7R 000000 8PMT00000000

Option: Yes _____ % _____ Days _____ No Option X

This Launcher Cable Assembly supports the Countermeasure Self Protect System onboard the 688 class submarines. It provides critical conduit to the countermeasure device

4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMSC) is 2C.

For the reasons explained below, these supplies are only available for the following source(s): Ametek SCP (0DNZ3), Teledyne Instruments (17476), & Seacon Phoenix LLC (5GS63)

AMC 2 – Suitable for competitive acquisition for the first time.
AMSC C – Part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills and manufacturing knowledge by the qualified sources require acquisition of the part from the approved sources. The approved sources retain data rights, manufacturing knowledge or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application.

[redacted]

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The Government will synopsize this contract action by posting a synopsis on FedBizOpps.gov as required by FAR 5.2.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained, it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A Technical review has been conducted on this item. The review consisted of searching several Government databases including ITIMP, Naval Ships Engineering Drawing Repository, Federal Logistics Information Center & ERP as well as the Internet. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, Applicable TMS Weapon System/Usable-on-Code, Criticality Coding, recorded approved sources of supply, historical sources of supply and past contracts. Based on this research, the Contracting Officer has determined that the only known manufacturing sources are AMETEK SCP, SEACON PHOENIX, & TELEDYNE INSTRUMENTS INC.

9. ANY OTHER SUPPORTING FACTS: FLIS lists cage 15789, Brantner & Associates, DBA Sea Con as a source for this item. Branter & Associates/SEA Con is affiliated with SEACON Phoenix and are therefore not considered an additional source. FLIS also lists cage 80249, BAE Systems as a potential source. BAE Systems was the prime contractor on the original contract for the manufacture of the CSA Countermeasure Cable System. Ametek SCP was the subcontractor that performed the manufacturing work on the cables currently being procured.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition: NONE

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION:

The solicitation will include a clause providing that the Government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve an alternate offer, the SAR package will be considered for future awards. This acquisition will be synopsized via FedBizOpps and any firm requesting a copy of the solicitation will be provided one.

REQUISITION NUMBER/PD: N0010414X6945 FOLDER NUMBER: 14078-0967

TECHNICAL AND REQUIREMENTS CERTIFICATION REQUIRED BY FAR 6.303-2(b)

I certify that the facts and representations under my cognizance which are included in this justification and which form a basis for this justification are complete and accurate.

TECHNICAL COGNIZANCE:

(Signature)	(Name & Title)	(Code)	(Phone)	(Date)
[redacted]				1 July 2014
