(Buyer's Name) *Please Print* [redacted]		(Extension) [redacted]		(Code) [redacted]

1. IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:

DLA Maritime at Mechanicsburg.

2. NATURE/DESCRIPTION OF ACTION: This J&A is for the negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A cover the acquisition of the following article(s):

Nomen	Circuit Card Assembly	Quantity	19
NSN	7HH 5998-01-559-3588	Cage Code	7Z941
P/N	7622626-1	Unit Price	[redacted]

Estimated Value (include option) [redacted]

Appropriation, Subhead and Cost Code:

97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PMF00000000

Option: Yes % Days No Option X

Item description required for all items: This is a Circuit Card Assembly and an electronic component of the MK36/53 Decoy Launching System (DLS) (Nulka). This weapon system is a rapid response Active Expendable Decoy (AED) System capable of providing highly effective defense for ships against modern Anti-Ship Missiles. It is intended to counter a wide spectrum of present and future radar-guided Anti-Ship Missiles (ASMs). The system can either be integrated with the Combat System or used with the stand-alone Fire Control System. The MK 53 DLS is a modified MK 36 DLS, adding four Nulka Launchers, Processor Power Supplies and a Decoy Launch Processor. Nulka can be used for stand-alone ship protection, or as part of a multi-layer defense system. With the ever-changing complexity of Anti-Ship Missiles, Nulka can be continually upgraded in order to provide protection to the Fleet. Likely changes will include technology advancements as well as tactical and technical changes to counter the threat.

spares C1 J&A
Revised 11/13

4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMCS) is	3B	For the reasons explained below, these

Supplies are only available from the following source(s): (7Z941) Sechan Electronics, Inc.

Only the above manufacturing source(s) will be solicited because the article to be acquired is a highly specialized part. This Circuit Card Assembly is coded sole source to Sechan Electronics, Inc., CAGE 7Z941 who owns the drawings and were identified as the approved source of supply by the ISEA during initial provisioning. The Government does not have the rights to the drawings to be able to solicit competitively or to guarantee the same form, fit and function as the item currently being procured. No other viable sources of supply were identified during the provisioning phase for the item. Based on the information available to the Government at this time, Sechan Electronics, Inc., Circuit Card Assembly has been identified as the only unit approved to meet the Government's minimum needs.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The government will synopsize this contract action by posting a synopsis on FedBizOpps.gov as required by FAR Subpart 5.2.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A technical review, which consisted of searching several Government databases including ITIMP, FLIS and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sourced of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known manufacturing source is 7Z941. ERP Master Data Base, WEBFLIS and HAYSTACK data bases were queried through item interrogation to ascertain potential alternate sources that may be identified that would meet the Government's minimum requirements for the tasks. At this time no additional sources were identified through these research efforts.

9. ANY OTHER SUPPORTING FACTS:

This part must be acquired by a manufacturing source(s) specified on a source control or selected item drawing as defined by the current version. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Item is critical and must be procured from the OEM, or approved source. The Government does not possess the rights, or knowledge, to purchase from other than the current source(s).

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition: None at this time.

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards. This item has been reviewed under the NAVSUP WSS limited screen process and determined that the item cannot be broken out. No additional actions to remove barriers to competition are required under this process.

REQUISITION NUMBER/PD: **N0010414XD928** **FOLDER NUMBER:** **14238-0173**

12. STATEMENT OF DELIVERY REQUIREMENTS:

(a) The required delivery date (month/year) is: 09/15

(b) Ship To: W25G1U – DDSPNew Cumberland, PA = 10/EA
W62G2T – DLA Distribution, Tracy, CA = 9/EA

13. REFERENCE TO THE APPROVED ACQUISITION PLAN: An Acquisition Plan is not required for this acquisition.

14. DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITIONS: The specifications for the above articles have been reviewed and reflect the minimum needs of the Government.
