4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMCS) is 1R. For the reasons explained below, these Supplies are only available from the following source(s): 52512- Astra Products Co. and 12763-Dynalec Corp.

Only the above manufacturing source(s) will be solicited because the article to be acquired is a highly specialized part. The Government does not own the data or the rights to the data needed to purchase this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. There are no authorized substitutes of this item as this is the only item known to meet performance and compatibility requirements within the higher assembly. Based on the information available to the Government at this time, Astra Products Co and Dynalec Corporations audio frequency amplifiers have been identified as the only unit approved to meet the Government's minimum needs.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The government will synopsize this contract action by posting a synopsis on FedBizOpps.gove as required by FAR Subpart 5.2. This justification and the resulting contract will be posted to FedBizOpps in accordance with FAR 5.3.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: In accordance with FAR Part 10-Market Research, a Sources Sought Notice was posted to FBO.GOV between June 11, 2015 and June 22, 2015 seeking any potential new sources from Industry. WSS did not receive any responses to the Sources Sought Notice. A technical review, which consisted of searching several Government databases including:

ERP- Search criteria included part number, design control activity, Cage code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding which all matched with ITIMP

NSEDR- There were no drawings available to view. Unable to break out for full and open competition.

LMS 21- Reviewed CCF data, source of supply, part number, registered users and requirements.

9. ANY OTHER SUPPORTING FACTS:
