1. IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:

DLA Maritime at Mechanicsburg.

2. NATURE/DESCRIPTION OF ACTION: This J&A is for the negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A cover the acquisition of the following article(s):

Nomen	NOZZLE,STEAM TURBIN	Quantity	~~2~~ 3
NSN	1HD 2825 01-578-8222 PP	Cage Code	0BR59
P/N	6073370-702	Unit Price	[redacted]

Estimated Value (include option) [redacted] RMP 10-22-14

Appropriation, Subhead and Cost Code:
97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PM100000000

Option: Yes % Days No Option X

Item description required for all items:

Item is a Steam Turbine Nozzle used on the Nozzle Block Mod for H Turbines with Beveled Caulking. This item is used in Steam and Electric Propulsion systems on Aircraft Carriers.

spares C1 J&A
Revised 11/13

REQUISITION NUMBER/PD: Multiple	FOLDER NUMBER: 13318-0033

4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMCS) is	3P	. For the reasons explained below, these

Supplies are only available from the following source(s):0BR59 - Dresser-Rand Co

AMC 3 - Acquire, for the second or subsequent time, directly from the actual manufacturer.
AMCS P - The rights to use the data needed to purchase this part from additional source(s) are not owned by the Government and cannot be purchased, developed, or otherwise obtained. It is uneconomical to reverse engineer this part.

Only the above source will be solicited because the articles to be acquired are highly specialized parts utilized in the Nuclear Reactor Program, designed and manufactured by a non-Government activity. There is no other known part that can be used as a replacement for the required item. Dresser-Rand is the only supplier aware of the compatibility requirements of this item within the design of the supported propulsion systems used onboard the Navy ships.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The Government will synopsize this contract action by posting a synopsis on FedBizOpps.gov as required by FAR Subpart 5.2.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A technical review, which consisted of searching several Government databases including ITIMP, FLIS and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sourced of supply, historical sources of supply and past contracts. The drawing is not available for NAVSUP WSS review; it is identified as proprietary in provisioning by the Cognizant Design Activity, Newport News Shipbuilding Reactor Plant Planning Yard. Based on this technical review, there is no known source other than that identified in block 5 that has the capability to produce the required item.

9. ANY OTHER SUPPORTING FACTS:

The articles to be procured are complex and must meet operational and reliability requirements, the achievement of which requires unique production techniques and extensive and/or sophisticated testing.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition: None at this time.

Spares C1 J&A
Revised 11/13

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The solicitation will include a clause providing that the Government will consider alternate product offers, and that alternate offerors should submit a data package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the alternate offer will be considered for future awards. This item was, previously, reviewed by the Cognizant Design Activity, Newport News Shipbuilding Reactor Plant Planning Yard (NNSRPPY), which determined that the item could not be broken out. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

12. STATEMENT OF DELIVERY REQUIREMENTS:

(a) The required delivery date (month/year) is: April 2015

(b) Ship To: W25G1U - W1BG DLA DISTRIBUTION NEW CUMBERLAND, PA 17070-5002

13. REFERENCE TO THE APPROVED ACQUISITION PLAN: An Acquisition Plan is not required for this acquisition.

14. DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITIONS: The specifications for the above articles have been reviewed and reflect the minimum needs of the Government.

REQUISITION NUMBER/PD: N0010414X1299 **FOLDER NUMBER:** 13318-0033

TECHNICAL AND REQUIREMENTS CERTIFICATION REQUIRED BY FAR 6.303-2(b)

I certify that the facts and representations under my cognizance which are included in this justification and which form a basis for this justification are complete and accurate.
