__X__ Description of the item or service required, the estimated cost, and required delivery date.

Complete replacement of sheath set (Sponson) for the SV-64 escort vessels in support of the Transit Protection Program at Bangor. Total combined cost of the replacement parts is [redacted] (b)(5) Required delivery date is 10/1/2016 including lead time and delivery.

__X__ Specific characteristics of the material or service that limit the availability to a sole source or particular brand name (unique features, function of the item, etc.). Describe in detail **why** only this suggested source can furnish the requirements to the exclusion of other sources.

CPI Marine is the sole provider of this sponson set for the Transit Protection System SV 64 Gladding Hearn vessels. No other company manufactures this part for these vessels.

_X_The requested material or service represents the minimum requirements of the Government.

CHECK & FILL IN ALL APPLICABLE BLANKS BELOW

_X___The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed. Describe the equipment you have **now** and **how** the new item/service must coordinate, connect, or interface with the existing system.

The Transit Protection System Vessels currently have these sponson sets installed. This set is being procured as a spare, and is identical to those currently used on the vessels because they are made by the same manufacturer and to the same specifications. They are identical in all respects. No other parts can be substituted.

____A patent, copyright, or proprietary data limits competition. The proprietary data is:

_X__ These are "direct replacements" parts/components for existing equipment.

These are direct replacement parts for the sponsons currently used by the Transit Protection Program SV 64 vessels.
