AMC 3. Acquire for the second or subsequent time directly from the actual manufacturer.

AMSC Z. This part is a commercial/nondevelopmental/off-the-shelf item. Commercial item descriptions, commercial vendor catalog or price lists or commercial manuals assigned a technical manual number apply.

The Government failed to purchase the necessary technical data needed to manufacture and test the ELECTRONIC COMPONENTS for the AFSB, ART, ASMSC, CG, CV, CVN, DDG, F, FFG, L, LCC, LCS, LHA, LHD, LPD, LSD, M, MHC, SSN, TA, TAGS, TAOE, and TARS ship classes. PARASENSE INC (CAGE: 09WX1) is the design control authority for manufacturing this component and has expertise needed to produce.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The government will synopsize this contract action by posting a synopsis on FedBizOpps.gov as required by FAR Subpart 5.2.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A technical review, which consisted of searching several Government databases including ITIMP, FLIS and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sourced of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known manufacturing source is PARASENSE INC (CAGE: 09WX1). Initial request was submitted on 05 July 2016, and additional sources sought on 05 July 2016 through 13 July 2016 with no new vendors identified.

9. ANY OTHER SUPPORTING FACTS: The Government does not own the data or the rights to the data needed to purchase this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition: None at this time.

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The solicitation will include a clause providing that the Government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve an alternate offer, the SAR package will be considered for future awards. This item will also be reviewed under the NAVSUP WSS replenishment parts program, and a request for additional sources was made through FedBizOpps with no new vendors being identified. Should it be determined that the item can be broken out, future acquisitions will be competitive. This acquisition will be synopsized via FedBizOpps and any firm requesting a copy of the solicitation will be provided one.
