For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [___] Are, [___] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [___] Have, [___] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) [____] Are, [____] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [____] Have, [____] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products (Executive Order 13126)*. Section M - Evaluation Factors for Award

CLAUSES INCORPORATED BY FULL TEXT

52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

(a) The Government WILL AWARD AN Indefinite Delivery – Requirements type contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation is determined the Lowest Price Technically Acceptable (LPTA) with proposed price also deemed fair and reasonable. The following factors shall be used to evaluate offers:

- I. Technical
- II. Past Performance
- III. Price

The Government intends to make award on the basis of the lowest evaluated price of proposals meeting the acceptability standards for Factor (i) and (ii), the non-price factors.

Offerors proposals will be evaluated under Factor (i) and (ii) above, which represents minimum acceptable criteria. Under this factor, the Government will rate the organization as either acceptable or unacceptable. Failure to meet the minimum criteria for this factor will render the entire proposal unacceptable and the proposal may not be considered for award.

Items offered, as provided in Offerors' technical information, will be evaluated as technically acceptable or technically unacceptable. Offers which are determined to be technically unacceptable will not be considered further for award. The narrative description of each grade follows, as appropriate for Factor I, Technical. **Offers must be rated technically "Acceptable" to receive an overall rating of "Acceptable." It will then be evaluated for Past Performance (Factor II). Failure to meet technically acceptable standards in any subfactor may result in a finding of technically "Unacceptable" for the entire Technical Capability factor, and the proposal may not be considered further for award.**

Technical. The term "technical," as used herein, refers to non-cost factors other than past performance. The purpose of the Technical Capability factor is to assess whether the Offeror's proposal will satisfy the Government's requirements. The Technical Evaluation Team shall evaluate the Offeror's proposal against these requirements to determine whether the proposal is acceptable or unacceptable, using the ratings and descriptions outlined in Table M-1.

TABLE M-1	TECHNICAL RATING
Overall Rating	Description
Acceptable	Proposal meets the requirements of the solicitation.
Unacceptable	Proposal does not meet the requirements of the solicitation.

Only those Offers which meet the minimum requirements required by Factor (i) and (ii) will be further evaluated. For those proposals that are rated acceptable on Factor (i) and (ii), the Government will then evaluate Factor (iii), Price. Ability to meet the requirements and ability to perform per the statement of work, when combined, are equal to price.

At the discretion of the Contracting Officer, the Government intends to evaluate proposals and award a contract without discussions with offerors. Each initial offer should, therefore contain the Offerors best terms from both a price and technical standpoint.

TECHNICAL CAPABILITIES AND EXPERIENCE, Factor (i), will be assessed by evaluating the vendor's responses to the requirements. Please submit no more than a 5 page Word document, double spaced.

Description of Products Offered:

Manufacturer

No pricing shall be included in Volume I.

VOLUME II: PAST PERFORMANCE: Grading Criteria

Past performance will be rated on an "Acceptable" or "Unacceptable" basis using the ratings in Table M-2.

TABLE M-2	PAST PERFORMANCE RATING
Overall Rating	Definition
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror's performance record is unknown. (See note below.)
Unacceptable	Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will be able to successfully perform the required effort.

NOTE: In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the offeror may not be evaluated favorably or unfavorably on past performance (see FAR 15.305 (a)(2)(iv)). Therefore, the offeror shall be determined to have unknown (or "neutral") past performance. In the context of acceptability/unacceptability, a neutral rating shall be considered "acceptable."

Past Performance is a measure of the degree to which the Offeror has satisfied its customers in the past and complied with Federal, State and local laws and regulations. The Government may contact all or some of each Offeror's customers to obtain information. The PCO Representative may also use other information such as Contractor Performance Assessment Reporting System (CPARS) data available from Government sources to evaluate an Offeror's past performance. The Government may also consider past performance information obtained from sources other than those identified by the Offeror, including Federal, State, and local Government agencies, Better Business Bureaus, published media and electronic databases. The Government reserves the right to limit or expand the number of references it decides to contact. References other than those identified by the Offeror may be contacted by the Government and the reference information received will be used in the evaluation of the Offeror's past performance. In the event that no responses from the Offeror's customers are received and the Government is unable to gather any other information, the Offeror may not be evaluated favorably or unfavorably on past performance.

The Offeror shall list **three** relevant contracts and/or subcontracts (not limited to Government contracts) within the last five. Include a discussion of how the references provided are relevant to the items being proposed.

VOLUME III: PRICE PROPOSAL

Offerors shall provide sufficiently detailed information to ensure a fair and reasonable determination of the proposed offer. Price will be evaluated in accordance with FAR 15.404-1(b).

(b) **Options.** The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

This announcement will close at **9:00 AM PST on 29 July 2016**. Submit offers via email to Angelina L. PinaHardin who can be reached at (T) 619-556-6198 or email Angelina.pinahardin@navy.mil. All responsible sources may submit a quote which shall be considered by the agency.
