AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC C. This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing knowledge by the qualified source(s) require acquisition of the part from the approved source(s). The approved source(s) retain data rights, manufacturing knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application.

NORTHROP GRUMMAN SYSTEMS CORP (76823) is the only source of supply. NORTHROP GRUMMAN SYSTEMS CORP (76823) retains the manufacturing knowledge and technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. Currently the only approved manufacturing source of supply is NORTHROP GRUMMAN SYSTEMS CORP (76823). Available data including all publications, supporting test equipment availability and associated drawings and specifications required to manufacture the subject item has not been found adequate to support full and open competition. No other sources have currently expressed an interest in becoming an approved manufacturing source for the subject item to the Source Development Department. To promote competition the NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also future requirements will be advertised in the FedBizOps website (www.fedbizops.gov) in order to encourage potential suppliers to submit Source Approval Requests.
