## SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

RFIS 63-65 IN AMD 0004

RFI 63: We are experiencing a delay from the Government for the approval of a Joint Venture registration with SAM. We have not been able to obtain a Cage Code the newly formed JV and are concerned that we will not receive it prior to submittal.

Question: Would it be acceptable to provide the cage code for each company involved in the Joint Venture, rather than a Cage code that is specifically the JV submitting the proposal.

RFI 63 Response: If the SBA has received the JV agreement prior to the proposal due date, the Cage Code for each entity involved in the JV may be provided. Please provide proof of this and your SBA point of contact details.

RFI 64: I am working on the pricing the latest ELINS sheet and for JBAB and the inventory sheet on TAB JBAB - CNIC shows 59 – 35 gal toters but there is no place to price them on the ELINS.

The ELIN also shows 50-6yd but the inventory sheet shows only 5.

RFI 64 Response: The ELIN base year and all out years have been updated with line item A801-AD and the total number of TOTERS is 80. Line item number A801-AB has been corrected to reflect five (5) 6CY containers. J-1503030-04 is provided with Amendment 0004.

RFI 65: I noticed that the subtotal columns for the recurring work for the base period ELIN A700, A701, A702 don't calculate in the total at the bottom. This is true on all the following tabs as well.

Also the non-recurring tab total doesn't add up. It only totals the lines F19:F33 where it should be F4:F34.

RFI 65 Response: The recurring work ELIN base year and all out years have been updated to calculate all sub-total line items and Non-recurring ELINs have also been updated to calculate all line items from F4 to F34 for the base year and all out years. J-0200000-07 is provided with Amendment 0004.
