SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

SOLICITATION

The previously uploaded solicitation (N40085-15-R-9607) Cathodic Protection/Storage Tank Maintenance at Naval Submarine Base New London, Groton, CT is being replaced due to missing page numbers. See the attached Solicitation (N40085-15-R-9607) with page numbers. Utilize the new revised solicitation in the preparation of your proposals.

Page 15 of the solicitation under Factor 1 – Price contains the statement “The Government may reject a proposal as nonresponsive if the prices proposed are materially unbalanced between Exhibit Line Items Numbers (ELINS) for both firm-fixed price (FFP) and Indefinite Delivery/Indefinite Quantity (IDIQ)(ELINS)(CLINS) for the Base and Option Items. A proposal is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work.” Replace the aforementioned statement with the following:

The Government may reject a proposal as nonresponsive if the prices proposed, whether Exhibit Line Item Numbers (ELINS) or Contract Line Item Numbers (CLINS), are materially unbalanced. A proposal is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work.

Page 28 of the solicitation under FAR 52.212-2 EVALUATION –COMMERCIAL ITEMS (OCT 2014) contains the statement, “Corporate Experience and Past Performance, when combined, are approximately equal to price.” DELETE THIS STATEMENT FROM THE SOLICITATION.

5252.223-9300 INSPECTION BY REGULATORY AGENCIES (JUN 1994)

Work performed under this contract is subject to inspection by State and Federal Government Regulatory agencies including those described below.

Permission has been granted by the Navy permitting Federal and State occupational health and safety officials to enter Navy shore installations, without delay and at reasonable times, to conduct routine safety and health investigations. Permission also extends to safety and health investigations based on reports of unsafe conditions. Occupational Health and Safety Administration (OSHA) officials may also investigate accidents or illnesses involving the Contractor's employees. Inspections may also be carried out by the Department of Labor to inspect for compliance with labor laws.

The Contractor shall cooperate with regulatory agencies and shall provide personnel to accompany the agency inspection or review teams. Contractor personnel shall be knowledgeable concerning the work being inspected, and participate in responding to all requests for information, inspection or review findings by regulatory agencies.

**5252.246-9303 CONSEQUENCES OF CONTRACTOR'S FAILURE TO PERFORM
REQUIRED SERVICES (OCT 2004)**

The Contractor shall perform all of the contract requirements. The Government will inspect and assess Contractor performance in accordance with FAR 52.246-4, INSPECTION OF SERVICES – FIXED PRICE and the Section E provision entitled GOVERNMENT PERFORMANCE ASSESSMENT. The Government will require re-performance, withhold payment, or seek other suitable consideration for unsatisfactory or non-performed work.

When defects can't be corrected by re-performance, the Government may reduce the price to reflect the reduced value of services performed.

(a) **PROCEDURES.** In the case of unsatisfactory or nonperformed work, the Government:

(1) may give the Contractor written notice of observed deficiencies prior to withholding payment for unsatisfactory or non-performed work and/or assessing liquidated damages. Such written notice shall not be a prerequisite for withholding payment for nonperformed work. The Government may specify, as provided for below, that liquidated damages can be assessed against the Contractor. Such liquidated damages are to compensate the Government for administrative costs and other expenses resulting from the unsatisfactory or nonperformed work.

(2) may, at its option, allow the Contractor an opportunity to re-perform the unsatisfactory or nonperformed work, at no additional cost to the Government. In the case of daily work, corrective action must be completed within 24 hours of notice to the Contractor. In the case of other work, corrective action must be completed within 24 hours of notice. In addition, the Government can assess liquidated damages, as referenced above, in the amount of 10 percent of the value of all observed defects. The original inspection results of the Contractor's work will not be modified upon re-inspection. However, the Contractor will be paid for satisfactorily re-performed work.

(3) shall withhold from the Contractor's invoice all amounts associated with the unsatisfactory or nonperformed work at the prices set out in the Schedule or provided by other provisions of this contract, unless the Contractor is required to re-perform and satisfactorily complete the work. In addition, the Government can assess liquidated damages, as referenced above, in the amount of 10 percent of the value of all observed defects.

(4) may, at its option, perform the work by Government personnel or by other means. The Government will reduce the amount of payment to the Contractor, by the amount paid to any Government personnel (based on wages, retirement and fringe benefits) plus material, or by the actual costs incurred to accomplish the work by other means. If the actual costs cannot be readily determined, the prices set out in the Schedule will be used as the basis for the deduction. In addition, the Government can assess liquidated damages, as referenced above, in the amount of 20 percent of the computed cost.

(b) The Contractor is responsible for maintaining an effective Quality Control Program during the course of the contract. Failure to maintain adequate quality control may result in Termination for Default.

(c) Re-performance by the Contractor does not waive the Government's right to terminate for nonperformance in accordance with FAR clause 52.249-8, "DEFAULT (FIXED-PRICE SUPPLY AND SERVICE)" of Section I and all other remedies for default as may be provided by law.

(d) When WATCHSTANDING SERVICES apply. If the Contractor fails to provide qualified personnel or allows any post to be unmanned for a total of N/A minutes in any shift, the Government may assign other persons to perform such work or withhold payment as specified below:

(1) When Watchstanding Services are performed by Government employees, withholdings shall be computed based on the current Federal Pay Schedule including wages, retirement and fringe benefits of the Government employees (civilian or military) who actually performed the work. In addition, the Government can assess liquidated damages, as referenced above, in the amount of N/A percent of the computed cost.

(2) When non-performed Watchstanding Services are obtained under another contract, the Government will withhold an amount equal to the cost to the Government under that contract. In addition, the Government can assess liquidated damages, as referenced above, in the amount of N/A percent of the cost.

(3) If no guard replacement is furnished by the Government and the work is not performed, the Government will withhold an amount equal to the cost to the Government of having a Government employee perform the work. In addition, the Government can assess liquidated damages, as referenced above, in the amount of N/A percent of the computed cost.

(4) The Contractor will be held liable for property losses sustained by the Government as a direct, consequential result of a failure to furnish the required personnel.

(5) Computations of the costs for Government employees to perform work not performed by the Contractor shall be in conformance with FAR 52.222-42, "STATEMENT OF EQUIVALENT RATE FOR FEDERAL HIRES." (End of clause)

5252.246-9304 Estimating the Price of Nonperformed or Unsatisfactory Work. As prescribed in 46.407-100(b), insert the following clause:

**ESTIMATING THE PRICE OF NONPERFORMED OR
UNSATISFACTORY WORK (OCT 2004)**

In the event the price of non-performed or unsatisfactory work cannot be determined from the prices set out in the Schedule, or on the basis of the actual cost to the Government, estimating methods may be used to determine an amount, which reflects the reduced value of services performed. The Government may estimate the cost using wage rates and fringe benefits included in the wage determinations included in the contract, Government estimates of the Contractor's overhead and profit rates, and Government estimates of material costs if applicable. Liquidated damages, to compensate the Government for administrative costs and other expenses resulting from the non-performed or unsatisfactory performance, will be calculated in accordance with the CONSEQUENCES OF CONTRACTOR'S FAILURE TO PERFORM REQUIRED WORK clause. (End of clause)

(End of Summary of Changes)
