

### Attachment C: Other Market Charges

All Other Market Charges listed below are set by AEEG.

No.	Italian	English	Description of Cost	Term	Unit
1	Perdite di Rete	Energy Losses	Cost of electricity losses incurred due to transmission electricity over High Voltage transmission lines. 10.8% for Low Voltage (LV) and 4% for Medium Voltage (MV)	Fixed	€/kWh
2	Dispacciamento	Dispatching	Costs of services incurred by the transmission system operator related to real-time balancing of energy supply and demand	Fixed for 3 months	€/kWh
3	Oneri Delibera 170/09 (TIS)	Charges for Resolution 170/09	Settlement for the services offered under 'Dispacciamento'	Fixed	€/kWh
4	Componente PCV, "Prezzo Commercializzazione Vendita"	Component PCV "Price of Marketing and Sales"	Costs incurred by retailers operating in the free market; this is only regulated for non-residential Low Voltage (LV) PODs	Fixed for 12 months	€/day
5	Reattiva	Reactive	Cost to supply reactive power	Fixed for 3 months	€/kVARh
6	Corrispettivo Trasmissione	Transmission Compensation	Costs for the transmission of electricity on the national grid	Fixed for 12 months	€/kWh
7	Corrispettivo Costi Fissi	Fixed Cost Compensation	Fixed costs per Point of Delivery (POD) related to distribution network services	Fixed for 12 months	€/POD/yr
8	Corrispettivo Potenza Contrattualmente Impegnata	Compensation for Power Contractually Committed	Demand charge to cover costs of the distribution network	Fixed for 12 months	€/kW/yr
9	Corrispettivo Energia Attiva	Active Energy Compensation	Energy charge to cover the costs of energy delivery through the distribution network	Fixed for 3 months	€/kWh
10	Componente A2	Component A2	Cost of nuclear decommissioning	Fixed for 3 months	€/kWh and €/yr
11	Componente A3	Component A3	Cost to finance national renewable incentives	Fixed for 3 months	€/kWh and €/yr
12	Componente A4	Component A4	Cost of fiscal incentives provided to the national rail system	Fixed for 3 months	€/kWh
13	Componente A5	Component A5	Cost to finances R&D of national electric system	Fixed for 3 months	€/kWh and €/yr
14	Componente AS	Component AS	Cost of Government subsidies for residential electricity consumers in physical or economic distress	Fixed for 3 months	€/kWh
15	Componente AE	Component AE	Cost of Government subsidies for consumers who are large manufacturers with substantial electricity consumption	Fixed for 3 months	€/kWh
16	Componente UC3	Component UC3	Cost of imbalances between the transport and distribution networks	Fixed for 3 months	€/kWh
17	Componente UC4	Component UC4	Cost to support electric utilities and small distributors which operate small-island electric grids	Fixed for 3 months	€/kWh
18	Componente UC6	Component UC6	Cost of incentives given to companies that manage and maintain the transmission and distribution networks	Fixed for 3 months	€/kWh
19	Componente UC7	Component UC7	Costs to deploy and promote energy efficiency	Fixed for 3 months	€/kWh
20	Componente MCT	Component MCT	Cost of mitigation measures for nuclear plants and nuclear waste sites	Fixed for 3 months	€/kWh
21	Servizi di Misura (MIS)	Measurement Services	Cost of installation, maintenance, and reading of electric meters	Fixed for 12 months	€/kWh
