JUSTIFICATION FOR SOLE SOURCE (SAP <\$150k)

Ref: FAR 13.106 and NAVSUP 4200.85D Chapter 5 Para. 2.b.(5)

The service or material listed on (Document number 2286-9623 is sole source and competition must be restricted to one source, or to only one brand name for reasons indicated below. There are no substitutes available for this material.

Restricted to the following source or brand name. Provide original manufacturer's name. (If a sole source manufacturer distributes via dealers, ALSO provide dealer information.)

Manufacturer: Trelleborg Sealing Solutions  
Manufacturer POC & Phone Nr.: Bob Willis (260) 748-5722  
Mfr. Address: 3400 E. Coliseum Blvd. Suite 350, Fort Wayne, IN 46805  
Manufacturers Dealer/Rep: \_\_\_\_\_  
Dealer/Rep Address/Phone Number \_\_\_\_\_

\_\_\_\_ Description of the item or service required, the estimated cost, and required delivery date.

Qty (2) SLEEVE BEARINGS, ORKOT COMPOSITE MATERIAL, TYPE TXM-M, STYLE BU, 7.720"/7.710" LG X 5.796"/5.802" ID X 7.274"/7.268" OD, Required delivery 1/30/13, Estimated Cost: \_\_\_\_\_

\_\_\_\_ Specific characteristics of the material or service that limit the availability to a sole source or particular brand name (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

These sleeve bearings, are unique in the composite material used and the special dimension required for the Steering Gear operating linkage for the SSGN727. These are manufacture by Trelleborg Solutions which owns the proprietary material rights.

The requested material or service represents the minimum requirements of the government

CHECK & FILL IN ALL APPLICABLE BLANKS BELOW

The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed. Justi Describe the equipment you have now and how the new item/service must coordinate, connect, or interface with the existing system.

Since these non-metallic sleeve bearings are presently installed on the ship, new material sleeve bearings will be a direct replacement (sizes, composition, and overall system design) for the existing components. The existing shipboard components are designed to mate specifically with these sleeve bearings. Beside being proprietary material, any attempt to duplicate this material or assume another source can provide these sleeve bearings could result in Steering Gear operating linkage material failure which would result in equipment damage/failure and jeopardize the ships mission.

A patent, copyright, or proprietary data limits competition. The proprietary data is: \_\_\_\_\_

These are "direct replacements" parts/components for existing brand name equipment.

Other information to support a sole-source buy:

Mandatory replacement for existing material

I CERTIFY THAT STATEMENTS CHECKED, AND INFORMATION PROVIDED ABOVE, ARE COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE AND DO NOT CONTAIN CLASSIFIED INFORMATION. I UNDERSTAND THAT THE PROCESSING OF THIS SOLE-SOURCE JUSTIFICATION PRECLUDES THE USE OF FULL AND OPEN COMPETITION.
