ALBANY, GEORGIA 31704-1128

IN REPLY REFER TO:

MCLC 13565

**FOR USE ON MARCORSSYSCOM & MARCOR I&L
PROCUREMENT ACTIONS**

SOLE SOURCE JUSTIFICATION FOR SIMPLIFIED ACQUISITIONS

1. The **service** listed on M94705-16-RC-00004 and M94705-16-RC-00005 is available from only one source and competition is precluded for reasons indicated below. There are no substitutes available.

2. This acquisition is restricted to the following source:

Manufacturer: MEDIACOM

Manufacturer POC and Phone Number: (229) 888-0242 x3073

Manufacturer Address: 509 Flint Avenue

Manufacturer's Dealer/Representative: Wanda Rowell and/or Carol Davis

Dealer/Representative Address and Phone Number: (229) 888-0242 x3073

3. Description of the **service** required, the estimated cost, and required delivery date.

This is for continuing services for Cable TV Connections.

BASE period of performance October 1, 2015 – January 31, 2016.

Option Year One - period of performance February 1, 2016 – January 31, 2017.

Option Year Two - period of performance February 1, 2017 – January 31, 2018.

(For locations see attachment)

4. Specific characteristics of the **service** that limit the availability to a sole source e.g., unique features, function of the item, etc. Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

MEDIACOM is the only cable service available to this location: Buildings 3700, 2200, 2210, 2243, 2248, 814 Radford Blvd, Albany, GA 31704.

5. Check and fill in all that are applicable:

- The material or service must be compatible in all aspects (form, fit, and function) with existing systems presently installed. Describe the equipment you have now and how the new item/service must coordinate, connect, or interface with the existing system:
- A patent, copyright, or proprietary data limits competition. The proprietary data are described as follows:
- These are "direct replacement" parts/components for existing equipment.
- Other information to support a sole-source buy:

MEDIACOM is the only cable service available to this location: Buildings 3700, 2200, 2210, 2243, 2248, 814 Radford Blvd, Albany, GA 31704.

This is continuing support for the established cable lines in Buildings 3700, 2200, 2210, 2243, 2248.

Substantial installation cost to the government would be added for another vendor to provide services.

Special provisions have been made by MEDIACOM to assure receiving the Pentagon Channel.

LOGCOM relies on services for the Pentagon channel to be available in events of disaster and/or inclement weather.

Cable service is more reliable than satellite in severe weather conditions.
