MARINE CORPS LOGISTICS COMMAND  
814 RADFORD BLVD  
ALBANY, GEORGIA 31704-1128

IN REPLY REFER TO:

MCLC 13587

**SOLE SOURCE JUSTIFICATION FOR SIMPLIFIED ACQUISITIONS**

1. The service listed on M94705-16-RC-00022 is available from only one source and competition is precluded for reasons indicated below. There are no substitutes available.
2. This acquisition is restricted to the following source:

Manufacturer: MEDIACOM SOUTHEAST, LLC  
Manufacturer POC and Phone Number: Wanda Rowell, (229) 888-0242 x3073  
Manufacturer Address: 1104 N. Westover Blvd, Albany, GA

3. Description of the service required, the estimated cost, and required delivery date.

This service is for 6 additional cable TV connections at Marine Depot Maintenance Center, Production Plant Albany.

The period of performance is the remaining 2 month period (1 Dec 2015 - 31 January 2016) in the Base period plus two option years.

The cost for the Base period is \$316.80.

The cost for Option year one (1 Feb 2016 – 31 Jan 2017

The cost for Option year two (1 Feb 2017 – 31 Jan 2018)

4. Specific characteristics of the service that limit the availability to a sole source e.g., unique features, function of the item, etc. Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

MEDIACOM is the only cable service available to this location: Buildings 3700, 2200, 2210, 2243, 2248, 814 Radford Blvd, Albany, GA 31704.

5. Check and fill in all that are applicable:

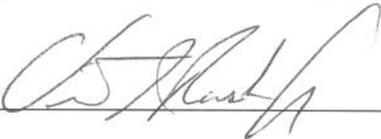

- The material or service must be compatible in all aspects (form, fit, and function) with existing systems presently installed. Describe the equipment you have now and how the new item/service must coordinate, connect, or interface with the existing system:
- A patent, copyright, or proprietary data limits competition. The proprietary data are described as follows:
- These are "direct replacement" parts/components for existing equipment.

- Other information to support a sole-source buy:

MEDIACOM is the only cable service available to this location. Substantial installation cost to the Government would be added for another vendor to provide services. Special provisions have been made by MEDIACOM to assure receiving the Pentagon Channel. LOGCOM relies on services for the Pentagon Channel to be available in events of disaster and/or inclement weather. Cable service is more reliable than satellite in severe weather conditions. The additional connections requested are identical to the services already offered on the existing contract. It is in the Governments best interest to modify the current contract to include these services under one contract rather than issue another sole source contract.

#### CERTIFICATION

I certify that statements checked and information provided above are complete and correct to the best of my knowledge. I understand that the processing of this Sole-Source Justification precludes the use of full and open competition.
