AMC 1. Suitable for competitive acquisition for the second or subsequent time.

AMSC C. This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing knowledge by the qualified source(s) require acquisition of the part from the approved source(s). The approved source(s) retain data rights, manufacturing knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application.

This acquisition will be negotiated with:

Pacific Scientific, CAGE 06331 and Chemring Energetic Devices, CAGE 93455

The articles to be procured are Aviation Critical Safety Items and must meet operational and reliability requirements, in the achievement of which requires unique production techniques and extensive and/or sophisticated testing.

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:

The proposed contract action will be synopsised in the FedBizOpps website for government-wide point of entry on:

Mar 20, 2015

The following sources have expressed an interest in this acquisition: None at this time

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

A technical review was completed by reviewing the results of previous market research for identical items to determine and identify all known sources as of October 6, 2014. The results of this review have determined that no new sources have been qualified to manufacture this item.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

Future requirements for this material will be evaluated to see if the material can be procured on a competitive basis. This item will be reviewed in accordance with the procedures identified in 209.270 Aviation and Ship Critical Safety Items. The head of the design control activity will determine whether a prospective contractor or its product meets or can meet the established criteria.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is not required for this acquisition.
