**5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:**

The current Acquisition Method Code is: 3C

Only the above will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by a non-Government activity and the technical data required for the above acquisition by other than the above is not available.

**6. GOVERNMENT WIDE POINT OF ENTRY NOTICE / POTENTIAL SOURCES:**

The proposed solicitation will be synopsisized in the FEDBIZOPPS, which is the Government wide Point of Entry (GPE).

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. Certified cost and pricing data will be obtained and used to ensure reasonableness, completeness and realism of proposed costs as required.

**8. DESCRIPTION OF MARKET SURVEY:** A technical review was completed by querying applicable Government databases and contacting knowledgeable individuals in Government to determine and identify all known sources on 17 July 2013. (3C) These parts are Air Critical Safety Items and must be procured from an approved source designated by the design control activity in order to maintain the quality of the part. The approved source retains the data rights, manufacturing knowledge or technical data that are not economically available to the Government and the data or knowledge is essential to maintaining the quality of the part. Therefore, acquisition is restricted to : Martin Baker Aircraft Co. Ltd.

**10. LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition: [REDACTED]

Martin Baker Aircraft Co. is the only known source that is qualified by the design control activity and Martin Baker Aircraft Co. owns the drawing rights, therefore these items are considered as sole source by NSWC IHEODTD, the engineering activity, and cannot be procured on a competitive basis.
