AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC B. This part must be acquired from a manufacturing source(s) specified on a source control or selected item drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Data review discloses that required data or data rights are not in Government possession and cannot be economically obtained.

This acquisition will be negotiated with: General Dynamics, Cage Code: 21562

Only the above will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by a non-Government activity and the technical data required for the above acquisition by other than the above is not available. The part must be procured from a manufacturer on the Source Controlled Drawing (SCD).

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:

The proposed contract action will be synopsisized in the FedBizOpps website for government-wide point of entry on:

8/27/2015

The following sources have expressed an interest in this acquisition: none at this time

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

An In-Service Engineering Activity (ISEA) technical review was completed to determine and identify all known sources. The results of this review, completed on 22 JUNE 2015, have determined that no new sources have expressed an interest in manufacturing this item. A Sources Sought Notice was posted for Solicitation N00104-15-R-K136 from 27 AUGUST 2015 to 8 SEPTEMBER 2015. No interest in the procurement was received.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

Future requirements for this material will be evaluated to see if the material can be procured on a competitive basis. This item will be reviewed in accordance with the procedures identified in 209.270 Aviation and Ship Critical Safety Items. The head of the design control activity will determine whether a prospective contractor or its product meets or can meet the established qualification standards. For reasons set forth in paragraph (5) and (9), NSWC IHEODTD has no plans at this time to compete future contracts for the types of supplies covered by this document. If another potential source emerges, NSWC IHEODTD will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is not required for this acquisition.
