

JUSTIFICATION FOR SOLE SOURCE/BRAND NAME (Simplified Acquisitions <\$100K)

The service or material listed on N57012-13-C-0025C is sole source and competition is precluded for reasons indicated below. There are no substitutes available for this material or service.

Restricted to the following source. Provide Inventory Locator Service LLC name.

Manufacturer:

Manufacturer POC & phone in. [REDACTED]

Mfr. address 8001 Centerview Parkway Suite 400 Cordova TN 38018 Dealer / Rep

Dealer / Rep address / phone or. SAME

X Description of the item or service required, the estimated cost, and required delivery date.

Access to ILS Availability Database Ability of all users to send Message Broadcasts 24/7 Phone support Once on site training session during the contract year

X Specific characteristics of the material or service that limit the availability to a sole source (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

50,000,00 inventory items 4,000 suppliers 40,000 accesses a day 150,000 parts looked up 80% hit rate See attached for more details

X The requested material or service represents the minimum requirements of the government.

There is a dedicated Government Services division, used by DOD Departments, Military Installation, etc

X The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.

We have been using this proven program for 12 years with great success. See N00189 11-P0123, which was the last contract.

SOLE SOURCEING FOR ILS DATABASE

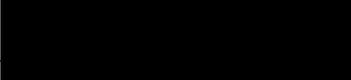

The Parts Locator System offered by Inventory Locator Service represents 24 years of experience --with user acceptance representing over 10,000 installations. Aerospace Companies, Airlines, DOD Departments, Military Installations, Industrial Distributors, Machine Shops, Manufacturing, and many segments of the Marine Industry use the ILS system. The ILS database lists supplier inventories, overhaul capabilities, and services. This enables clients to FIND PARTS WITHIN SECONDS worldwide. ILS puts BUYERS and SELLERS together. Database access is via the Internet, with software back up available. The database is maintained at the ILS home office in Memphis Tennessee. . The system is the world largest commercial and most active e-marketplace in the aviation industry. Fact about system:

50,000,000 Inventory items
 4000 suppliers
 40,000 accesses a day
 150,000 parts looked up
 80 % hit rate
 10, 000 unique customer

5000 DQD users The following is a list of major benefits and unique feature to be derived from implementation of the ILS Parts Database. Dedicated Government Services division, with individual reps assigned to each facility with

- on site training of database.24/7 Customer Service 365 day via 1.800.233.3414
- Government Suppliers listing.(a.k.a. G-listers) These are people listing inventory which is NE new or NS new surplus with cage code, who can sell to the government and want to sell to the DOD. If given a credit card will ship within 72. The G and M listers are shown at the beginning of each run
- M-listers show companies who have the capability to manufacture Items.
- Mandatory inventory up-date-Minimum every 30 days for standard suppliers, and within 72 hours for G-listers. Must sign an agreement to that effect.. We highlight inventory, which is over 45 days. We cancel inventory after 60 days. Clients must sign agreement.
- On-site audits of supplier Inventories by ILS personnel. Clients are chosen randomly. On going monthly project. Client must hit 85 % or inventory is blockaded until inventory is acceptable
- MESSAGE BROADCAST-Ability to send request for urgent part requirements on parts which may not be in database, or announcement of special items for sale, disseminated to 10,000 customers immediately. This is a no charge item to DOD subscribers. There is a \$30.00 line charge to the commercial customers.
- Disaster Recovery Program- tapes of entire database shipped nightly to Atlanta and Chicago. On-site Power Generator backup incase of electrical outage.
- Cross Referencing of FLIS OR NSN to parts data and alternate parts numbers for multiple sourcing, ability to source by part numbers, alphabetical name or condition code
- Overhaul database (over 630 Licensed facilities approved by the FAA, CAA and/or JAA).The overhaul item is indicate on a part number response. This will enable one to find additional sources.
- The ILS Product Directories allows Clients the ability to search directories by company name, or type of equipment sold/serviced. Data returned includes company information, description, and web links.
- Company Profiles enables a client to find company information, types of product manufacture, service and expertise in the industry with how long they have been in business with web links and D & B information. Clients just click on name when looking at inventory
- Internet Access using (minimum) Netscape 4.7 or Explorer 5.0, with back-up software available for dial-up if INTERNET should not be accessible.

I CERTIFY THAT STATEMENTS CHECKED, AND INFORMATION PROVIDED ABOVE, ARE COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND THAT THE PROCESSING OF THIS SOLE SOURCE JUSTIFICATION PRECLUDES THE USE OF FULL AND OPEN COMPETITION.
