

JUSTIFICATION FOR SOLE SOURCE (Simplified Acquisitions <\$150K)

The service or material listed on N30571-12-RC-25911 is sole source and competition is precluded for reasons indicated below. There are no substitutes available for this material or service.

**Restricted to the following source.**

Manufacturer: Symantec

Description of the item or service required, the estimated cost, and required delivery date.

The Office of the General Counsel (OGC) requires the NetBackup software license and associated support for its new site at Quantico, VA. This is the only specific software that will meet the requirement since the tapes and data that will be uploaded to the environment as part of contingency operations are already formatted and encrypted with NetBackup software. OGC already owns several licenses of the software for their product environment. Another product would not be able to upload, decrypt, and organize the data at the new site. This software is also approved in DADMS as a DON enterprise solution for backup management. Navy organizations are limited to software approved in DADMS.

I CERTIFY THAT STATEMENTS CHECKED, AND INFORMATION PROVIDED ABOVE, ARE COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND THAT THE PROCESSING OF THIS SOLE SOURCE JUSTIFICATION PRECLUDES THE USE OF FULL AND OPEN COMPETITION.
