X Specific characteristics of the material or service that limit the availability to a sole source (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

EyeClick is the original designer of the system and software. This planning system is a unique one of a kind digital planning system that was researched and purchase by C3F from EyeClick for the sole purpose of Operationl Level of War Planning that currently only exists at C3F.

The requested material or service represents the minimum requirements of the government.

CHECK & FILL IN ALL APPLICABLE BLANKS BELOW

The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.

This digital planning system was originally designed by EyeClick for Commander Third Fleet. Current system is incapable of zoom and pan as well as being able to measure distance between items on the map. Proposed system upgrade will streamline the planning process and reduce preparation time for wargame scenarios.

A patent, copyright or proprietary data limits competition. The proprietary data is: The Eye Click Sandbox System is proprietary to Eye Click company.

These are upgrade system software modifications for existing equipment.

Other information to support a sole source buy:

EyeClick developed this software for the U.S. Navy and it cannot currently be found at any other manufacturer

I CERTIFY THAT STATEMENTS CHECKED, AND INFORMATION PROVIDED ABOVE, ARE COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND THAT THE PROCESSING OF THIS SOLE SOURCE JUSTIFICATION PRECLUDES THE USE OF FULL AND OPEN COMPETITION.
