A draft Performance Work Statement (PWS) is attached to this announcement.

The anticipated date of an official solicitation posting is the first quarter of fiscal year 2016 (October- December 2015). Please note that these are only projected dates and may change. Any further updates to this requirement will be announced via NECO/FEDBIZOPS.

Interested contractors are NOT required to attend the Industry Day in order to propose. The Industry Day merely allows interested vendors an opportunity to get a better understanding of the requirement, meet technical personnel, and network with other contractors. Industry Day is an additional form of Market Research for the Government as the RFP is constructed. Information discussed during the Industry Day may not necessarily be incorporated into the final RFP. When proposing, contractors must adhere to the requirements of the RFP and not issues or items discussed during the Industry Day.

This announcement is not a contract, request for proposal, a promise to contract, or a commitment of any kind on the part of the Government. The Navy will not assume liability for costs incurred by an attendee or for travel expenses or marketing efforts; therefore, attendee cost in response to this notice is not considered an allowable direct charge to the Government.

Any questions regarding this announcement should be directed to Michael Oliva at the above-listed email address.
