(1) The offeror and/or any of its principals (___) are, (___) are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency,

(2) (___) Have, (___) have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(2) The services will be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(i) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision--

(1) The clause in this solicitation at 52.222-51, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment--Requirements, will not be included in any resultant contract awarded to this offeror; and

(2) The offeror shall notify the Contracting Officer as soon as possible, if the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation.

The following is a list of minimum requirements that contractors shall comply with for all contracts that may result in the use of a crane for the accomplishment of work.

1. The contractor shall notify the contracting officer, in advance, of the intent of bringing a non-Navy owned crane onto a Navy shore installation. All entries shall be through a prearranged entry point.
2. The contractor shall comply with the applicable American Society of Mechanical Engineers (ASME) standards (e.g., B30.5 for mobile cranes, B30.22 for articulating boom cranes, B30.3 for construction tower cranes, and B30.8 for floating cranes). For barge mounted mobile cranes, a load indicating device, a wind indicating device, and a marine type list indicator readable in one-half degree increments are required. In addition, the contractor shall comply with specific naval crane safety and operation regulations/standards specifically required by the Navy shore installation and state or local Government.
3. The contractor shall certify that the crane and rigging gear meets applicable Occupational Safety and Health Administration (OSHA) regulations by providing a Certificate of Compliance. The Certificate, figure P-1, appendix P-1 of Naval Facilities Engineering Command (NAVFAC) P-307 "Management of Weight Handling Equipment", can be downloaded from the NAVFAC Naval Crane Center website,

<http://ncc.navfac.navy.mil/crane/307jun03.pdf>. The contractor must cite which OSHA regulations are applicable, e.g., cranes used in cargo transfer shall comply with 29 CFR 1917; cranes used in construction, demolition, or maintenance shall comply with 29 CFR 1926; cranes used in shipbuilding, ship repair, or shipbreaking shall comply with 29 CFR 1915. For cranes at Naval activities in foreign countries, the contractor shall certify that the crane and rigging gear conform to the appropriate host country safety standards. The contractor shall also certify that all of its crane operators working in the naval activity have been trained not to bypass safety devices (e.g., anti-two block devices) during lifting operations. The Certification of Compliance form shall be posted on the crane.

4. For mobile cranes with original equipment manufacturer (OEM) rated capacities of 50,000 pounds or greater, the crane operators shall be designated as qualified by a source that qualifies crane operators (i.e., union, a Government agency, or an organization that tests and qualifies crane operators). Proof of current qualification shall be provided.
5. The contractor shall certify that the crane operator is qualified and trained for the operation of the crane to be used. Certification appendix P-1, figure P-1, of NAVFAC P-307, see paragraph (c) above.
6. The contractor shall provide a critical lift plan for each of the following lifts: lifts over 75 percent of the capacity of the crane or hoist (lifts over 50 percent of the capacity of a barge mounted mobile crane's hoists) at any radius of lift; lifts involving more than one crane or hoist; lifts of personnel; and lifts involving non-routine rigging or operation, sensitive equipment, or unusual safety risks. The plan shall include the following as applicable:
 - a. The size and weight of the load to be lifted, including crane and rigging components that add to the weight. The OEM's maximum load capacities for the entire range of the lift shall also be provided.
 - b. The lift geometry, including the crane position, boom length and angle, height of lift, and radius for the entire range of the lift. This applies to both single and tandem crane lifts.
 - c. A rigging plan, showing the lift points, rigging gear, and rigging procedures.
 - d. The environmental conditions under which lift operations are to be stopped.
 - e. For lifts of personnel, the plan shall demonstrate compliance with the requirements of 29 CFR 1926.550(g)
 - f. For barge mounted mobile cranes, barge stability calculations identifying barge list and trim based on anticipated loading; and load charts based on calculated lists and trim. The amount of list and trim shall be within the crane manufacturer's requirements.
7. Contractors shall notify the contracting officer as soon as practicable, but no later than four hours after any weight handling equipment (WHE) accident (see definition in NAVFAC P-307, section 12). The contractor shall secure the accident site and protect evidence until released by the contracting officer.
