Specific characteristics of the material or service that limit the availability to a sole source/brand product (unique features, function of the item, etc.). Describe in detail why only this source/brand can furnish the requirements to the exclusion of other sources/brands. **U.S. Naval Sea (NAVSEA) Systems Command, Combat Craft Division (CCD) contracted Safe Boat International to build and train the initial U.S. Navy Swedish Command Boat (CB-90) also known as the U.S. Navy Riverine Command Boat (RCB). Initial contracted training did not meet the quantities that are required to support the Global Force Manning Allocation Plan (GFMAP) requirements. Safe Boat International (SBI) is the sole CONUS-based boat manufacturer and distributor that produces and provides technical support services for the RCB. In addition, SBI is the only manufacturer that employs trained system technicians and instructors that are specifically trained and qualified to operate the RCB. Furthermore, SBI is the only company authorized by NAVSEA's Combat Craft Division to deliver initial training to the U.S. Navy, as no other company within CONUS exists with this capability to train on the RCB. This sole source request for additional training will allow Coastal Riverine Group ONE to build the needed operators and maintainers required to support the Fifth and Seventh Fleet Commander requirements. SBI ensures all of its instructors adhere to U.S. Navy High Risk Training requirements as defined in Operations Navy (OPNAV) Instruction 1500.75C specifically, page 3 enclosure 1 para 14 (initial Risk Assessment Code (RAC) of 1, 2, and 3 with a severity**

code one and Commander, Navy Expeditionary Combat Command (COMNECC) High Risk Training Instruction 1500.75.

The requested material or service represents the minimum requirements of the Government. **This three week training represents the minimum requirements of the Government.**

The material or service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect or interface with the existing system. **As previously stated, SBI is the sole CONUS-based boat manufacturer and distributor that produces and provides technical support services for the RCB. In addition, SBI is the only manufacturer that employs trained system technicians and instructors that are specifically trained and qualified to operate the RCB manufactured by SBI.**

A patent, copyright or proprietary data limits competition:

The items are "direct replacement" parts/components for existing equipment. Provide the information about the Next Higher Assembly (NHA)/equipment which the replacement parts are going into (e.g. description, model, part number, Original Equipment Manufacturer (OEM), etc.).

Other information to support sole source/brand name sole source procurement. The rationale must then justify "either" substantial duplication of cost to the Government that is not recovered through competition or unacceptable delays in fulfilling the mission of the agency.

TECHNICAL OR REQUIREMENTS CERTIFICATION

I CERTIFY THAT THE STATEMENTS CHECKED, AND INFORMATION PROVIDED ABOVE, ARE COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND THAT THE PROCESSING OF THIS SOLE SOURCE/BRAND NAME SOLE SOURCE JUSTIFICATION PRECLUDES THE USE OF FULL AND OPEN COMPETITION.
