4. **STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION:** 10 USC 2304(c) (1), one source or limited sources, as implemented by Federal Acquisition Regulation 6.302-1.

5. **RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:**

The current Repair Method Code/Repair Method Suffix Code (RMC/RMSC) is: 3C

**RMC B:** Repair, for the second or subsequent time, directly from the actual manufacturer.

**RMSC C:** This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique engineering skills, and repair knowledge by the qualified source(s) require repair of the part by the approved source(s). The approved source(s) retain repair knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify IAW the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application. If one source is approved, RMCs 3, 4, or 5 are valid. If at least two sources are approved or if data is adequate for an alternate source to qualify IAW the design control activity's procedures, RMCs 1 or 2 are valid.

This acquisition will be negotiated with:

SIMMONDS PRECISION PRODUCTS (89305) p/n 30279-0105

SIMMONDS PRECISION PRODUCTS (89305) will be solicited due to the items being Critical Application Items/Critical Safety Items (CAI/CSI) and only NAVAIR can approve CAI/CSI sources. The approval process involves inspection and review of repair techniques, special skills, qualifications, and knowledge required to repair this item. The cognizant Government engineering activity is responsible for this process. NAVAIR has only currently approved SIMMONDS PRECISION PRODUCTS (89305) to repair this item.

6. **DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERERS AS PRACTICABLE:** The proposed contract was synopsisized in the FedBizOpps website for government wide point of entry on 10/10/2013. The following sources have expressed, in writing, an interest in the acquisition. [REDACTED]

Market research was conducted in accordance with FAR Part 10. The results of the market research conducted are as follows: The NAVSUP Weapon Systems Support (WSS) Source Development Department has conducted a market research per the market research document. The subject COMPUTER,DIGITAL,VA is a Critical Safety Item/ Critical Application item (CSI/CAI) and all alternate sources must qualify IAW the design control activity's procedures, as approved by NAVAIR prior to contract award. Available data including all repair publications, supporting test equipment availability and associated drawings and specifications required to repair the subject item are not available and has not been found adequate to support full and open competition. At this time no other commercial repair facilities have the expertise, facilities or the

Revised 4/2013

test equipment necessary to repair the subject item other than SIMMONDS PRECISION PRODUCTS (89305). No other sources have currently expressed an interest in becoming an approved repair source for the subject item to the source Development Department. To promote repair competition the NAVSUP WSS will continue to encourage manufacturers with the expertise to repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also future requirements will be advertised in the FedBizOps website ([www.fedbizops.gov](http://www.fedbizops.gov)) in order to encourage potential suppliers to submit Source Approval Requests.

7. **DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. **ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:**

For reason set forth in Paragraph (5&6), NAVSUP has no plans at this time to complete future contracts for this item covered by this document. If another potential repair source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. **REFERENCE TO THE APPROVED ACQUISITION PLAN:** A formal/informal Acquisition Plan is is not required for this acquisition.
