4. **IDENTIFICATION OF STATUTORY AUTHORITY:** This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302.1

5. **DEMONSTRATION OF CONTRACTORS UNIQUE QUALIFICATIONS:** The current Acquisition Method Code (AMC/AMSC) is 3C. This acquisition will be negotiated with

ROLLS-ROYCE, PLC (K0378)

Only the above will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by a non-Government activity and the technical data required for acquisition by other than the above is not available.

6. **FEDERAL BUSINESS OPPORTUNITIES/POTENTIAL SOURCES:** The proposed contract was/will be synopsisized in the FedBizOpps website for government wide point of entry.

7. **DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining reasonableness. Certified cost and pricing data will be obtained and used to ensure reasonableness, completeness and realism of proposed costs as required.

8. **DESCRIPTION OF MARKET SURVEY:** A technical review has been made to determine and identify all known sources. Rolls Royce (K0378) has been determined to be the only source which currently possesses the technical data, manufacturing expertise and the processes necessary to manufacture the subject Compressor Vane.

9. **ANY OTHER SUPPORTING FACTS:** The articles to be procured are complex and must meet critical operational and reliability requirements, the achievement of which requires unique production techniques and extensive and/or sophisticated testing, and the government has not yet acquired or developed the technical data.

10. **LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition.
[REDACTED]

11. **ACTIONS TO REMOVE BARRIERS TO COMPETITION:** The Naval Inventory Control Point Source Development Department has completed a review on the subject Compressor Vane and determined that Rolls-Royce (K0378) is the only source which possesses the expertise to manufacture the subject item. Rolls Royce (K0378) is the only approved source of supply. No other sources have expressed an interest in manufacturing the subject item to the Source Development Department. The subject item is considered critical to safety of flight: therefore, other sources must obtain engineering source approval prior to contract award. The NAVICP has determined that the data for the subject item contains restrictive legends and the data is the property of Rolls-Royce. Rolls-Royce will not release any or all the data to the Navy. Based on the above information, Competition is not feasible at this time. Future requirements will be advertised in the FedBizOpps website (www.fedbizopps.gov) and the NAVICP Buy Requirements Listing in order to encourage potential suppliers to submit Source Approval Requests.

12. **STATEMENT OF DELIVERY REQUIREMENTS:**

(a) The required delivery date (month/year) is: January 2012

(b) Ship To:

13. **REFERENCE TO THE APPROVED ACQUISITION PLAN:** An Acquisition Plan is not required for this acquisition.
