

Subject: A three year Repair Basic Ordering Agreement for the Tail Rotor Actuator and Main Rotor Actuator in support of the H-1 Helicopter.

Naval Supply Systems Command Weapon Systems Support (NAVSUP WSS) Philadelphia intends to negotiate on a sole source basis a three year repair Basic Ordering Agreement (BOA) for the Tail Rotor Actuator and Main Rotor Actuator in support of the H-1 Helicopter under the authority of Federal Acquisition Regulation (FAR) 6.302-1, "Only one responsible source and no other supplies or services will satisfy agency requirements." Woodward HRT is the only known source that can perform repairs on these items. Suitable technical data and Government data rights are not available to permit repair by other sources. The estimated award date for this BOA is August 2015.

The following is a list of part numbers and estimated yearly quantities to be repaired:

<b>Nomenclature</b>	<b>Part Number</b>	<b>NSN</b>	<b>YR 1</b>	<b>YR 2</b>	<b>YR 3</b>
Tail Rotor Actuator	41011830-109	1680-01-557-5013	17	17	17
Main Rotor Actuator	41011820-105	1680-01-555-4535	9	9	9

The applicable NAICS code for the above items is 336413. These items require Government source approval prior to contract award, as the items are flight critical and/or the technical data available has not been determined adequate to support repair via full and open competition.

Only the previously approved source will be solicited for this requirement. Any other interested sources will be required to submit a Source Approval Request (SAR) package. A SAR brochure is available upon request. The time required for approval of a new source is normally such that an award cannot be delayed pending approval of a new source.

Responses to this notice of intent shall be submitted no later than fifteen (15) days from the date of this synopsis to NAVSUP WSS Philadelphia, Attn: Ms. Olga Maksimchuk, Contract Negotiator, (code 0233.17), 700 Robbins Ave, Bldg. 1, Philadelphia, PA 19111.
