AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC H. The Government physically does not have in its possession sufficient, accurate, or legible data to purchase this part from other than the current source(s). The deficiency is under review for resolution.

This acquisition will be negotiated with: THALES UNDERWATER SYSTEMS SAS T U S (F8294)

Only THALES UNDERWATER SYSTEMS SAS T U S (F8294) will be solicited because the subject items are critical application items and involves inspection and review of manufacturing techniques, special skills, qualifications and knowledge required to complete the complex procedures. The cognizant Government engineering activity is responsible for this process. NAVAIR currently has THALES UNDERWATER SYSTEMS SAS T U S (F8294) as the only approved source of supply for the subject item. THALES UNDERWATER SYSTEMS SAS T U S (F8294) also owns the data, which is unstable.

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:

The proposed contract action was synopsised in the FedBizOpps website for government-wide point of entry on:

12/17/14

The following sources have expressed an interest in this acquisition: None

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

The Equipped Computer, TATB Mother Board, and TATB Adapter Board are to be procured under this acquisition for Interim Supply Support (ISS) of the Support Equipment system. ISS items are considered design unstable as no formal configuration baseline has been established. Since the Material Support Date (MSD) is scheduled for 12/1/2015, procurement of technical data has not yet been developed, and will not be available in time to support Initial Operating Capability (IOC). It is anticipated that technical data will be provided to the Navy at a later date, at which time the technical data will be evaluated to determine if it is suitable for competition, as well as evaluating the feasibility of any other alternatives for achieving and/or enhancing, competition."

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

For reasons set forth in Paragraph (5) & (6), NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is not required for this acquisition.
