Specific characteristics of the material or service that limit the availability to a sole source or particular brand name (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

We need these specific colors to match the existing colors currently being used and this manufacturer is the only one that can match the true colors. Paints must be compatible. Mixing manufacturers may cause lifting and bubbling and cannot guarantee a color match.

The requested material or service represents the minimum requirements of the government

CHECK & FILL IN ALL APPLICABLE BLANKS BELOW

The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed. Describe the equipment you have now and how the new item/service must coordinate, connect, or interface with the existing system.

Materials must be the same product as previously purchased because the paints must be compatible and mixing manufacturers cannot guarantee a color match.

A patent, copyright, or proprietary data limits competition. The proprietary data is:

These are "direct replacements" parts/components for existing brand name equipment.
