

JUSTIFICATION AND APPROVAL
FOR USE OF SOLE SOURCE

1. Contracting Activity.

Naval Supply Systems Command Fleet Logistics Center Pearl Harbor (NAVSUP FLCPH), Regional Contracting Department.

2. Description of the Action Being Approved.

The Contracting Specialist is requesting approval to issue a modification to contract N00604-14-P-3207 to reflect a change in the Period of Performance for Phase II from 8 July 2014 through 13 August 2014 to 23 June 2014 through 13 August 2014. The changes are necessary due to unforeseen operational needs.

3. Description of Supplies/Services.

The purpose of this requirement is to procure personnel transport services on a crew vessel from Point Loma, San Diego to San Clemente Island (SCI) and Wilson Cove in support of the COMSUBPAC midshipman training in San Diego.

The contract value is being increased by [REDACTED] from [REDACTED] using FY 2014 OMN funding on PR [REDACTED]

4. Statutory Authority Permitting SOLE SOURCE.

The statutory authority permitting other than full and open competition is 10 U.S.C. 2304(c)(2), Special Documentation requirements, as implemented by FAR 13.501(a).

5. Rationale Justifying Use of Cited Statutory Authority.

The proposed contract was synopsisized for 30 days with Solicitation number N00604-14-T-3043 on 18 March 2014 on the NECO and FedBizOpps website. During the initial solicitation there were multiple inquires, from prospective vendors, however, Pacific Maritime Freight, Inc, DBA as Pacific Tugboat Services was the only vendor to submit a quote.

J&A Number:

Contract N00604-14-P-3207 was awarded May 2, 2014 to Pacific Maritime Freight, Inc, DBA as Pacific Tugboat Services in the amount of \$ [REDACTED]. This contract was awarded for 2 phase periods, Phase I and for Phase II. Phase I dates were 27 May 2014 through 12 June 2014; Phase II dates were 30 June through 13 August 2014. This modification is to change Phase II from 30 June to 13 August to 23 June to 13 August 2014. On 9 June 2014, the requiring activity's POC sent an email requesting that a modification be done due to unforeseen operational scheduling issues which would cause undue hardship for military personnel returning back from deployment. Due to unforeseen circumstances, this requirement would be impractical to award to any other vendor due to the urgency and sensitive nature of this requirement.

As previously mentioned the contractor, Pacific Maritime Freight, Inc, DBA as Pacific Tugboat Services, was the only vendor that submitted a quote during the solicitation period. Due to the urgency of this requirement, there was no time to solicit a new contract for these additional services resulting from the change in the performance.

The only vendor capable of being able to complete the services on a crew vessel for Phase II is Pacific Maritime Freight, Inc, DBA as Pacific Tugboat Services. Failure to use the same vendor may result in comprising the mission which could result in displacing military personnel returning from deployment.

6. Description of Efforts Made to Solicit Offers from as Many Offerors as Practicable.

No additional market research was conducted because it is not practicable, for the reasons discussed in paragraph 5 above, for any company other than Pacific Maritime Freight, Inc, DBA as Pacific Tugboat Services to provide the required services.

7. Determination of Fair and Reasonable Cost.

The Contracting Officer has determined the anticipated cost to the Government of the supplies/services covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition.

This is an unexpected change that could not be reasonably foreseen at the time of this contract award. Any additional actions will be considered on a case-by-case basis
