The Naval Facilities Engineering Command, Mid-Atlantic is seeking eligible business firms capable of performing Design/Bid/Build Construction Services for ST09-0339, Waterfront Repairs, Naval Submarine Base New London, Groton, Connecticut.

The contract will provide:

The Contractor shall provide all labor, supervision, engineering, design, materials, equipment, tools, parts, supplies, and transportation, to perform all of the services described in the plans and specifications. The Navy intends to restore the Marginal Wharf and portions of Pier 15 at the Submarine Base in New London, CT. The repairs will restore the structures to the original design load capacities and eliminate further deterioration of the wharf and pier. The site consists of approximately 15,400 lf of marginal wharf which encompasses the entire water's edge of the Base. Pier 15 provides support to the Base's floating dry-dock. The base bid will include: Pier 15 pile repairs (structural encasements) and installation of a cathodic protection system. Marginal Wharf repairs including: structural pile encasements, cathodic protection repairs including anode installation and repairs to rectifiers, deck replacement and installation of new piles (Marginal Wharf between piers 12 - 15), repairs of structural members (beams, decks, pile caps, replacement of reinforced concrete utility trench covers, abutments, and steel sheet pile bulkheads including recoating).

Bid options will be included to repair mooring fixtures, fender systems, non-structural concrete repairs, non structural pile encasements/repairs, deck sealants, and installation of access ladders.

The magnitude of this project is between \$10,000,000 and \$25,000,000.

All Service Disabled Veteran (SDV) small businesses, certified HUBZone small businesses, certified 8(a) small businesses, and other certified small businesses are encouraged to respond. Upon review of industry response to

this Sources Sought Synopsis, the Government will determine whether a set-aside acquisition in lieu of full and open competition is in the Government's best interest. This office anticipates award of a contract for these construction requirements by June 2011. The appropriate NAICS code for this procurement is 237990.

THIS SYNOPSIS IS NOT A REQUEST FOR PROPOSAL. This synopsis is a market research tool being used to determine the availability and adequacy of potential small business sources prior to determining the method of acquisition and ultimate issuance of an award. The Government is not obligated to and will not pay for any information received from the potential sources as a result of this synopsis. It is requested that interested small businesses submit to the contracting officer a brief capabilities statement package (no more than 10 pages in length, single spaced, 12 point font minimum) demonstrating ability to perform the requested services. The documentation shall address, as a minimum, the following:
