The Naval Facilities Engineering Command, Mid-Atlantic is seeking eligible small business firms capable of performing Design/Bid/Build Construction Services for Solar Thermal Collector Panels, Buildings 172, 292 and 443, Naval Station Newport, Newport, Rhode Island

The contract will provide:

The Contractor shall provide all labor, supervision, materials, equipment, tools, parts, supplies, and transportation, to perform all of the services described in the plans and specifications.

Base Bid will include:

The work includes providing and installing solar thermal collector panel systems to augment the existing building water heating system in Building 292 (Base Bid) and incidental related work. The incidental related work includes minor demolition and abatement of asbestos containing materials; masonry; structural and miscellaneous metal fabrications; rough carpentry; insulation and EPDM roofing; doors, frames and hardware; metal louvers; paints and coatings; plumbing; HVAC, electrical and earthwork.

Bid options will include the following:

Option 1 shall include services as identified in Base Bid for Building 172

Option 2 shall include services as identified in Base Bid for Building 443

The magnitude of this project is between \$1,000,000 and \$5,000,000.

All Service Disabled Veteran (SDV) small businesses, certified HUBZone small businesses, certified 8(a) small businesses, and other certified small businesses are encouraged to respond. Upon review of industry response to this Sources Sought Synopsis, the Government will

determine whether a set-aside acquisition in lieu of full and open competition is in the Government's best interest. This office anticipates award of a contract for these construction requirements by or before September 2011. The appropriate NAICS code for this procurement is 236220 and the small business size standard is \$33,500,000.

THIS SYNOPSIS IS NOT A REQUEST FOR PROPOSAL. This synopsis is a market research tool being used to determine the availability and adequacy of potential small business sources prior to determining the method of acquisition and ultimate issuance of an award. The Government is not obligated to and will not pay for any information received from the potential sources as a result of this synopsis. It is requested that interested small businesses submit to the contracting officer a brief capabilities statement package (no more than 10 pages in length, single spaced, 12 point font minimum) demonstrating ability to perform the requested services. The documentation shall address, as a minimum, the following:

(1) Relevant Experience to include experience in performing efforts of similar value, size, and scope within the last five (5) years including contract number, indication of whether your firm acted as a prime or subcontractor, contract value, Government/Agency point of contact and current telephone number, and a brief description of how the contract relates to the technical requirements described herein.
