

THIS IS A SOURCES SOUGHT NOTICE ONLY. THIS IS NOT A REQUEST FOR PROPOSAL OR INVITATION FOR BID. THERE WILL NOT BE A SOLICITATION, SPECIFICATIONS OR DRAWINGS AVAILABLE AT THIS TIME.

The Naval Facilities Engineering Command, Mid-Atlantic is seeking eligible small business firms capable of performing construction services for RM14-2010, Structural Repairs to Berth 11A, 11B and 11C, Portsmouth Naval Shipyard, Kittery, ME.

This project provides repair/modernization of 1263 LF of pile supported open wharf structures originally constructed in 1943 with the intent of restoring the load carrying capacity of the portal crane rail system along the waterfront and providing corrosion protection of the wharf to allow for continued optimal usage of the facility.

Berths 11A, 11B, and 11C are actively used for submarine maintenance availabilities at Portsmouth Naval Shipyard. Sections of the berths will remain in-use for the full duration of the project. The work area is within a highly congested industrial environment and the repair effort requires detailed work sequencing requirements to avoid disruption or delays to the ongoing boat maintenance schedules.

The work includes removal and disposal of existing timber fender system, curbs, FRP catwalk and miscellaneous items; dredging; providing steel sheet pile and rock socketed king piles with concrete shutter panel bulkheads; rock anchored tie back system; providing backfill under the existing wharf; extending storm drainage discharge pipes through the bulkhead; concrete and pile jacket repairs to the existing wharf structure; providing driven steel H-Piles (support piles) through existing wharf deck to strengthen existing crane rail beams; removing and reconstructing areas of existing concrete wharf deck for fill placement and support pile installation; providing a timber deck extension, deck fittings, lighting, mechanical and electrical utilities, duct bank repairs, and incidental and related work.

The appropriate Northern American Industry Classification System (NAICS) code for this procurement is 237990 - Other Heavy and Civil Engineering Construction, and the Small Business Size Standard is \$36,500,000. In accordance with DFARS 236.204, the magnitude of construction for this project is between \$25,000,000 and \$100,000,000. This office anticipates award of a contract for these services by 31 Oct 2016.

This notice is a market research tool being used to determine the availability and adequacy of potential small business sources prior to determining the method of acquisition and ultimate issuance of an award. Upon review of industry response to this sources sought notice, the Government will determine whether set-aside procurement in lieu of full and open competition is in the Government's best interest. All Small Businesses, HUBZone Small Businesses, Small Disadvantaged Businesses, Service-Disabled Veteran-Owned Small Businesses, and Women-Owned Small Businesses are encouraged to respond. Large Business submittals will not be considered. The Government is not obligated to and will not pay for any information received from potential sources as a result of this notice.

It is requested that interested small businesses submit to the contracting officer a brief capabilities statement package (no more than 10 pages in length, single spaced, 12 point font minimum) demonstrating ability to perform the services described herein. **PAGES IN EXCESS OF THE 10 PAGE LIMIT WILL NOT BE CONSIDERED.** The documentation shall address the following:

(1) Relevant Experience to include experience in performing efforts of similar value, size, and scope within the last five (5) years including contract number, indication of whether your firm acted as a prime or subcontractor, contract value, Government/Agency point of contact and current telephone number, and a brief description of how the contract referenced relates to the construction services described.

(2) Company Profile to include the following:

- a. Number of offices and office location(s);
- b. Number of employees per office;
- c. Available bonding capacity per contract (must be able to bond up to the target award for this contract);
- d. DUNS number;
- e. CAGE Code;
- f. Small business designation/status claimed; and
- g. Annual revenue.

The information provided in this notice is subject to change and in no way binds the Government to solicit for or award a contract. The Government will not provide debriefs on the results of this research, but feedback regarding the decision to set aside or not set aside the procurement will be accomplished via pre-solicitation synopsis or solicitation for these services as applicable. All information submitted will be held in a confidential manner and will only be used for the purpose intended. Points of contact listed may be contacted for the purpose of verifying performance.

RESPONSES ARE DUE NLT 01 APR 2016 at 12:00 PM (EST). LATE SUBMISSIONS WILL NOT BE ACCEPTED.

The package shall be sent via electronic mail to John Bishop at john.p.bishop1@navy.mil.
