Description:

This notice does NOT constitute a request for proposal, request for quote, or invitation for bid. The intent of this notice is to notify potential offerors of the upcoming solicitation for the disposal of Municipal Solid Waste that will be delivered by the Government and Government contracted vehicles from Naval Base Kitsap Area of Responsibility. Waste consists of contaminated solid waste; approximately eight thousand five hundred tons a year of Municipal Solid Waste, and/or asbestos ten tons a year and/or Creosote timbers of eight tons a year.

The North American Industry Classification System (NAICS) Code for this requirement is 562111 Solid Waste Collection with a size standard of \$12,500,000.00. The Government anticipates awarding a contract with a base period year and four, 1-year option periods in support of this requirement. If the Government does not award a follow-on contract in time, the Government may require the Contractor to continue performance for an additional period up to six months under the Option to Extend Services clause.

The solicitation will be available on or about 18 June 2014. The estimated date for receipt for proposals is on or about 21 July 2014. The solicitation will be available in electronic format only. All documents will be in the Adobe Acrobat PDF file format via the internet.

The solicitation utilizes source selection procedures which require offerors to submit a technical proposal, past performance, and a price proposal for evaluation by the Government. A source will be required to comply with all federal, state, and local laws or regulations related to municipal solid waste handling and disposal.
