

JUSTIFICATION FOR SOLE SOURCE (Simplified Acquisitions <\$150K)

The service or material listed on _____ is sole source and competition is precluded for reasons indicated below. There are no substitutes available for this material or service.

Restricted to the following source. Provide original manufacturer's name. (If a sole source manufacturer distributes via dealers, ALSO provide dealer information.)

Manufacturer: **MAN DIESEL AND TURBO MIDDLE EAST LLC**

Manufacturer POC & phone nr: **MR. STEVE ENTICKNAP/+97143454045**

Mfr. Address: **DUBAI, UAE**

Dealer / Rep: **N/A.**

Dealer / Rep address / phone nr: **N/A.**

X Description of the item or service required, the estimated cost, and required delivery date.

This work item describes dismantling, inspection and repair of rocker arm assemblies 2, 3, 4, 5, and 8, Replace the rocker lever and cover on Cylinder 6, and replace a total of 16 cylinder exhaust valves.

X Specific characteristics of the material or service that limit the availability to a sole source (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

MAN Diesel is the Original Equipment Manufacturer (OEM) Representative, which is designated as the maintenance and repair authority for the MAN B&W 48/60 diesel engine installed on the T-AKE Class. The Shipboard Automated Maintenance Management (SAMM) system requires the services of an authorized and certified MAN Diesel OEM representative and repair facility in order to perform maintenance and repair on the Main Diesel Engines. The use of other than an OEM authorized service would void American Bureau of Shipping (ABS) regulatory compliance required to retain Class Certification to attain United States Coast Guard Certificate of Inspection and pose a major risk of damage to the machinery and place the engine operators at risk of injury or death.

Based on market research, MAN Diesel Turbo Dubai is the only responsible source in the U.A.E who is able to provide and accomplish the maintenance/overhaul of M.A.N. Model 48/60 diesel engines and all M.A.N. Diesel engine components on the USNS ALAN SHEPARD in the United Arab Emirates (UAE) for the following reasons:

- **Due to M.A.N. Diesel's territorial agreements, other authorized M.A.N. Diesel entities in the GCC region will not perform work in the UAE.**
- **Additionally, M.A.N. Diesel Dubai will not subcontract to any of the third party contractors (i.e. DRYDOCKS, NICO, GRANDWELD, etc.) for any OEM requirements. Therefore, there is no third party vendors qualified to perform the OEM requirement in the SOW.**

X The requested material or service represents the minimum requirements of the government.

CHECK & FILL IN ALL APPLICABLE BLANKS BELOW

___ The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.

___ A patent, copyright or proprietary data limits competition. The proprietary data is _____

___ These are "direct replacements" parts/components for existing equipment.

___ Other information to support a sole source buy:

I CERTIFY THAT STATEMENTS CHECKED, AND INFORMATION PROVIDED ABOVE, ARE COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND THAT THE PROCESSING OF THIS SOLE SOURCE JUSTIFICATION PRECLUDES THE USE OF FULL AND OPEN COMPETITION.
