Liferay Repository Plug-in Questions and Answers

Q1. Where the data being currently stored (server or something else)?

A1. Amazon Web Services

Q2. Which database is being currently used?

A2. My SQL

Q3. Will the Upload and store publication PDFs to Liferay be done individually or multiple PDFs at a time?

A3. There are 1,700 reports in the legacy repository. These PDF documents need to be migrated in one bulk process, then uploads and display of content will be on an individual basis.
