3. Crane manufacturing of at least 3 Tons or more:

3(a) Does your company regularly engage in the business of providing Barge Cranes?

Yes       No

3(b) If so, please list the specific types of relevant Crane tasks/supplies/services provided.

3(c) How long has your company provided these types of supplies/services?

4. Relevancy of Experience:

4(a) Please list no more than three contracts your company is currently performing (or have completed within the last five years) that include any/all of the relevant Crane manufacturing listed herein and would be considered the same as/similar to this effort (scope, complexity, and magnitude). Include the contract number, title, contract type, and award amount.

4(b) For each of these contracts, identify whether your firm was the prime or subcontractor by function.

4(c) Were these contracts won competitively? If not, list those which were not.

5. Subcontracting:

5(a) On average, what percentage of the total effort does your company normally subcontract for the type of work proposed that is similar in size, scope and complexity?

5(b) What specific portions of this type of effort would your company elect to subcontract?

6. What is the likelihood of your company submitting an offer for any resulting procurement? If your company is only interested in specific portions of the crane procurement, please list.
