

Naval Criminal Investigative Services (NCIS) intends to issue a sole source purchase order to Saul Mineroff Electronics (SME), in accordance with FAR 6.302-1(b) and (c), only one responsible source and brand name. The organization's requirement to obtain key chain dvr(s) with and without video can only be met by SME. The items provide the highest level of "quiet" appearance standards and provide continuity for the organization's operations. This is not a solicitation or a request for quotes. Interested parties can provide capability statements that include the highest level of audio performance by 9:00 AM EST on 8 June 2010. The capability statements must be in sufficient detail to determine whether a competitive proposal should be conducted. The determination not to compete the requirement will be at the discretion of the government. Please refer questions to the Lois Watts, Contract Specialist, at (202) 433-9009.
