**\* Specific characteristics of the material or service that limits the availability to a Sole Source**  
NCIS currently uses the [REDACTED] portable Radio and [REDACTED] which [REDACTED]. Based on Market research it has been determined only JPS Interoperable Solutions [REDACTED] can provide the required connectivity and the required interface cable options for the radios NCIS currently uses.

**\* Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.**

The [REDACTED] [REDACTED] Solution is deployed to multiple NCIS Filed Offices. A substantial amount of technical writing; field training; software purchases and man-hours of programming and SOP development have been dedicated to the system. It is estimated NCIS will lose more than 1500 hours of productivity if an alternate system were to be used in conjunction with the current system. In addition NCIS will need to re-train agents; purchase different software and write new Operating Procedures.
