**WHO?** *Who is the only source?*

T8. Anritsu Wiltron Company is the only source that can provide the above supplies or services and no other supplies or services will satisfy the program's requirements.

**WHY** *is the source above the only one that can fulfill the requirement?*

In accordance with Title 10 U.S.C 2304(c)(1) as cited in FAR 6.302-1, "Only one responsible source and no other supplies or services will satisfy agency requirements."

T9. Only the specified source can provide the above described supplies or services due to:

Insufficient Technical Data and / or Rights The Government does not possess adequate data and / or the rights necessary to competitively award this requirement.

- Explain why the technical data is necessary for this acquisition:

**The test equipment called for within the RTCASS specifications require unique production techniques and regeneration testing and must meet operational and reliability requirements as well as have the capability to fully integrate within the RTCASS system, Operational Test Program Sets (OTPS), and Aircraft Weapons Systems. The testing and production specs are incorporated within the Technical Data Package (TDP) for which the government does not own. Without the TDP, the government is unable to provide all of the necessary configuration data for RTCASS. The components manufactured by Anritsu are the only items that meet the specific operational and dimensional characteristics to properly integrate into the RTCASS system.**

- Does the Government possess all the technical data required to competitively award this requirement?

Yes

- If Yes, explain why the Government does not possess sufficient data rights for the competition of this requirement:

- If Yes, could the necessary rights to the data be purchased?

Yes, the necessary rights could be

purchased for an estimated \$ [REDACTED].  
This amount was determined by [REDACTED].  
This amount is economically unfeasible  
due to [REDACTED].

No, explain; [REDACTED].

No

- If No, explain why the Government does not possess sufficient technical data to competitively award this requirement.

**Currently, the government does not own the technical data to sufficiently compete this award and is unable to effectively provide all necessary configuration data for RTCASS without the TDP. The government anticipates taking possession of the TDP within the next 6 months with review, approval and acceptance to follow. When the data rights become available and have been accepted, the government expects to compete future requirements.**

- If No, could the necessary technical data and rights be purchased?

Yes, the necessary Data and Rights could be purchased for \$ [REDACTED].

This amount was determined by [REDACTED].  
This amount is economically unfeasible  
due to [REDACTED].

No, explain; [REDACTED].

Special Tooling Only the referenced source has access to special tooling which is necessary to fulfill this requirement.

- Explain why the special tooling is necessary for this acquisition:  
[REDACTED]

- Could the necessary special tooling be purchased?

Yes, the necessary tooling could be purchased for an estimated

\$ [REDACTED].  
This amount was determined by [REDACTED].  
This amount is economically unfeasible  
due to [REDACTED].

No, explain; [REDACTED].

Substantial Duplication of cost (for follow-on actions only) The above source is deemed to be the only source available because an award to a source other than the original provider would result in a substantial duplication of cost which would not be recovered through competition.

- An estimated \$ [REDACTED] worth of work would be duplicated
- Explain in detail how this amount was determined [REDACTED]

Unacceptable delay of work (for follow-on actions only) The above source is deemed to be the only source available because an award to a source other than the original provider would result in an unacceptable delay in fulfilling the Government's requirements.

- Going to another source would create a delay of approximately [REDACTED]
- Explain in detail how this delay estimate was determined [REDACTED]
- Explain in detail how the Government would be unable to meet its requirements by this delay [REDACTED]
- Describe the specified source's ability to provide the needed supplies / services within the necessary timeframe.

Other

- Be specific and delineate why only the stated source can provide the above supplies or services. [REDACTED]

HOW? / Background *Further required information*

T10. Is there a supporting acquisition planning document for this program?

Yes

- If Yes, is the supporting acquisition planning document current?

*(ensure legal counsel has a copy of the latest document)*

Yes, it is current as of [REDACTED]

No, explain; [REDACTED]

- If Yes, is this J&A consistent with the content of the supporting acquisition planning document, including MOPAS?

Yes, it is consistent.

No, explain; [REDACTED]

No

- If No, why is there not a supporting acquisition planning document?

A supporting acquisition planning document is not required in accordance with DFARS **207.103 (d)(i)**

Other, explain; [REDACTED]

T11. Market Research and / or Survey.

Performed

- Describe the research and / or survey that was conducted:  
[REDACTED]

Not Performed

- No market research or survey was conducted due to: **The technical data required to perform a formal market survey is proprietary information and is not available to the government at this time. Technical analysis shows, without the TDP no other source would be able to provide the spares necessary to support the RTCASS units.**

T12. Follow-on Information: (Required for all actions)

Will this requirement be acquired again?

Yes

- If Yes, what is being done to remove barriers to competition?

Nothing, explain: [REDACTED]

Actions such as, [REDACTED]

- If Yes, Will it be competed in the future?

No, explain: [REDACTED]

Yes on [REDACTED]

No, this is a one time buy.
