From: Technical Director, Naval Computer and Telecommunications
Area Master Station Atlantic Detachment, Guantanamo Bay,
Cuba
To: U.S Naval Station, Guantanamo Bay, Cuba
Subj: CONCLUSION OF CONTRACT WITH SATELLITE COMMUNICATION
SYSTEMS INCORPORATED

1. The current unofficial services contract sponsored by Naval Computer and Telecommunications Area Master Station Atlantic Detachment, Guantanamo Bay, Cuba (NCTAMS LANT DET GB) will reach completion 31 August 2016. NCTAMS LANT DET GB's Contracting Officer's Representative (COR) will begin close out procedures starting 1 August 2016. Please be advised the incoming vendor for internet will not support existing Digital Subscriber Line (DSL) modems and routers. All existing telephone numbers and on base dialing will not change.

2. The Navy Exchange Service Command (NEXCOM) will assume contracting responsibility for delivery of the following unofficial services upon expiration of the Satellite Communication Systems Incorporated (SCSI) contract.

- a. Long distance Telephone service
- b. Broadband internet services
- c. Cellular Services

3. NEXCOM and their respective vendors will launch a robust marketing campaign in the very near future. All services currently under contract with SCSI shall be supported until 31 August 2016. The end of the contract does not alleviate the responsibility of payment to the vendor. The government is in no way responsible for collection of fees for services rendered.

4. The point of contact regarding this information is Ms. Cheryl Davila at Cheryl.davila@gtmo.navy.mil
