**Amendment Synopsis:**

Requests for Information (RFIs)

RFI 9: We meet all requirements except the firm certification, and we are moving as rapidly as possible to get our firm certified as a commissioning firm as required. We are constrained by scheduling of testing by certifying organizations. Would our firm certification be acceptable if we obtain it AFTER the May 20 submittal date, but before selection and award? OR Would it be acceptable if we submit in a Joint Venture with a NEBB-certified Test & Balance firm with whom we work regularly?

RFI 9 RESPONSE: For consideration, certification shall be provided by the SF 330 submission due date of 20 May 2011. Certification provided through a Joint Venture Partner is acceptable.
