**4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION:** This J&A is based upon the authority of 10 USC 2304(c)(1), one source or limited sources, as implemented by FAR 6.302-1.

**5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:**

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is:    multiple codes see pg 2 for definitions

Folder Number: 15255-0010

Requisition/PD# N0038315X4554

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC C. This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing knowledge by the qualified source(s) require acquisition of the part from the approved source(s). The approved source(s) retain data rights, manufacturing knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application.

This acquisition will be negotiated with: The Boeing Company (76301)

The Boeing Company (76301) is the only source of supply. The Boeing Company (76301) retains all manufacturing knowledge and technical data. Data is not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity -NAVAIR.

**6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:** The proposed contract action was synopsised and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

10/30/2015

and as a result:

No other sources have expressed interest in this acquisition.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

Currently the only approved manufacturing source of supply is The Boeing Company (76301). Available data including all publications, supporting test equipment availability and associated drawings and specifications required to manufacture the subject item has not been found adequate to support full and open competition. No other sources have currently expressed an interest in becoming an approved manufacturing source for the subject item to the Source Development Department. To promote competition the NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also future requirements will be advertised in the FedBizOpps website ([www.fedbizops.gov](http://www.fedbizops.gov)) in order to encourage potential suppliers to submit Source Approval Requests. In addition this item is CAI (Critical Application Item).

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

**8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:**

For reasons set forth in Paragraph (5), NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

**9. REFERENCE TO THE APPROVED ACQUISITION PLAN:**

An informal / formal acquisition plan is / is not required for this acquisition.
