**5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:**

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is:    multiple codes see pg 2 for definitions

Folder Number: 16068-0018

Requisition/PD# N0038316X1925

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC H. The Government physically does not have in its possession sufficient, accurate, or legible data to purchase this part from other than the current source(s). This code is applicable only to parts under immediate buy requirements and only for as long thereafter as the deficiency is under review for resolution and appropriate recoding. This code is only assigned at the conclusion of limited screening, and it remains assigned until the full screening process resolves physical data questions and results in assignment of a different AMSC. If one source is available, AMCs 3, 4, or 5 are valid. If at least two sources exist, AMCs 1 or 2 are valid.

This acquisition will be negotiated with: Honeywell CAGE 70210  
1944 E. Sky Harbor Circle  
Phoenix, AZ 85034

This Acquisition will be negotiated with the OEM, Honeywell CAGE 70210. This item has not received a criticality determination yet and Honeywell is the sole proprietor of the technical data required to manufacture, test and certify this item. As the P-8A aircraft is currently in the pre-physical configuration audit (PCA) phase of the life cycle process, the aircraft and mission systems are experiencing constant anomalies and variations within the configuration. Additionally, in the absence of criticality determinations, it is imperative that the Government deal strictly with the OEM/ Prime Vendor for procurement of this item. The Government does not physically have in its possession any engineering or technical data to contract for spares with other than the OEM/ Prime at this time. The Government does not have the empirical engineering data available that would allow for realistic competitive sustainment efforts at this time. Furthermore, NAVSUP WSS is obligated to follow the supply support strategy as outlined in the NAVAIR program office, PMA- 290 letter, 5000 Ser PMA-290/128 dated Aug 23 2016.

**6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:** The proposed contract action was synopsisized and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

Apr 29, 2016

and as a result:

No other sources have expressed an interest in this acquisition.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

A limited Screen Market Research was conducted in accordance with FAR part 10. No other sources could be identified/certified for this procurement.

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

**8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:**

For reasons set forth in Paragraphs 5 & 6, NAVSUP WSS is unable to compete this contract for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

**9. REFERENCE TO THE APPROVED ACQUISITION PLAN:**

An informal / formal acquisition plan is is not required for this acquisition.
