DEFENSE LOGISTICS AGENCY
DLA Maritime at Mechanicsburg
5450 CARLISLE PIKE
MECHANICSBURG, PA 17055-0788

JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

REQUISITION NUMBER: Various (See attached)	FOLDER NUMBER: 16125-0043

[redacted]		[redacted]		[redacted]
(Item Manager's Name)		(Extension)		(Code)
[redacted]		[redacted]		[redacted]
(Technician's Name)		(Extension)		(Code)
[redacted]		[redacted]		[redacted]
(Buyer's Name)		(Extension)		(Code)

1. **IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:**

DLA Maritime at Mechanicsburg

2. **NATURE/DESCRIPTION OF ACTION:** This J&A is for the negotiation and award of a contract through other than full and open competition.

3. **DESCRIPTION OF SUPPLIES/SERVICES:** This J&A covers the acquisition of the following articles:

LLH939634	N0010416X7951	CABLE, HEADSET	6	B1600
LLTRN2826	N0010416X8196	ROLLER WHEEL	12	7371379-00
14557267	N0010416X8479	CABLE ASSEMB,SPECIA	1	MK004
14582178	N0010416X7944	FILTER ASSEMBLY,ELE	5	B353
15553361	N0010416X8280	MODULE, ETHERNET	6	B1217
15605606	N0010416X8594	DIGITAL VIDEO SCALE	1	B1223
15797189	N0010416X7981	CCA SPIB	2	B1375
15812394	N0010416X6363	DRIVE CDR DVD-ROM	7	b1342
16038476	N0010416X7984	TRACKBALL,USB,2INCH	2	B1572
16045031	N0010416X7985	POWER SUPPLY	6	B1689
16089482	N0010416X7986	TRANSCEIVER MODULE	13	B1659
16124392	N0010416X7987	MAINT TERMINAL 15IN	2	B1667
16231368	N0010416X7712	CIRCUIT CARD ASSEMB	3	B1491
16271359	N0010416X8162	NRP,ELECTRONIC COMP	1	B1674

No Option

Spares C1 J&A
Revised

Item description required for all items:
The above items are all components used in the AN/UYQ-70 weapon system tactical workstation. This flexible, tactical workstation is configured using high-performance COTS modules housed in militarized enclosures. The Q-70 can be installed in airborne, surface and submarine platforms to fulfill multiple combat system tasks. With the capability to emulate legacy display systems, the Q-70 worstation allows for immediate transition to open combat architectures and provides a cost-effective protection of prior hardware and software investments.

4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements. For those items, with the exception of NIIN LLTRN2826, NIIN 016045031, NIIN 016271259, NIIN 015605606, NIIN 016089482 and NIIN 016124392, with previous awarded history using the authority of 10 USC 2304 (C)(1) a C1 J&A was obtained and as stated in the J&A, in order to reduce barriers to competition, the alternate offers clause was included in the solicitation inviting interested parties to submit alternate offers which if received would be forwarded to technical for possible approval on future buys. For NIIN 016231368 the respective J&A's stated that the alternate offers clause would be included however this clause was inadvertently omitted from the RFP. This is a first time buy for NIIN 016271359 and NIIN 015812394 using the authority of 10 USC 2304(c)(1).For this reason, in accordance with PGI 206.304, the current J&A is being approval one level above the prior J&A.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:
The current Acquisition Method Code (AMC/AMCS) is 3R. For the reasons explained below, these supplies are only available from the following source: (52088) Lockheed Martin Corporation
Only this source will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by this non-Government activity. No other manufacturer's part can be used as a replacement for this item. The data or the rights to use the data needed to purchase these parts from additional sources are not owned by the Government and it is not economical to purchase them. Lockheed Martin (LM) is the Original Equipment Supplier, design agent, and system integrator for the Q-70 weapon system. LM has the expert knowledge of the design and operational characteristics of this weapon system, to include various configurations on multiple platforms, which includes Maritime, Air and Land-based applications. LM is the only source possessing the expertise on critical engineering processes, procedures, software, firmware, components and test fixtures to ensure the appropriate configuration for compatability within the Q-70 system. LM has an established supplier base consisting of more than 70 COTS/NDI product lines. This expertise and engineering knowledge cannot be readily duplicated without signifant time and cost associated with re-engineering, which would result in programmatic risk to Navy Combat Systems equipment and schedules.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: A presolicitation notice to inform potential sources of this impending requirement as well as the solicitation will be sent to the GPE in accordance with FAR 5.2. This justification and the resultant award will be posted to FedBizOpps in accordance with FAR 5.3.

7. **DETERMINATION OF FAIR AND REASONABLE COST**: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. **DESCRIPTION OF MARKET SURVEY**: A technical review, which consisted of searching several Government databases including ITIMP, NSSP and ERP,and JEDMICS and NSEDR has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sources of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known manufacturing source is 52088. ERP Master Data Base and HAYSTACK data bases were queried through item interrogation to ascertain potential alternate sources that may be identified that would meet the Government's minimum requirments for the tasks. At this time no additional sources were identified through these research efforts. Furthermore, a Sources Sought Base Notice was posted to FedBizOpps on 03 June 2016 and closed on 13 June 2016 for 10 calendar days, inviting potential sources to fill out a Market Survey and express their interest in providing an offer on this order to be forwarded to the design and technical authority for approval. No responses were received in the allotted time frame. Q-70 is an orphan system with no centralized ISEA, therefore the source sought responses will be forwarded to NAVSEA. NAVSEA must determine which engineering activity is going to review the source sought notices.

9. **ANY OTHER SUPPORTING FACTS**:
Drawings are not available for full and open competition. The data or the rights to use the data needed to purchase these items from alternate sources are not owned by the Government and it is not economical to purchase them.

10. **LISTING OF INTERESTED SOURCES**: The following sources have expressed, in writing, an interest in this acquisition:
No responses were received.

11. **ACTIONS TO REMOVE BARRIERS TO COMPETITION**: The government will include a clause in the solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the NAVSUPWSS technical division for review. Q-70 is an "orphaned" system so it no longer has a centralized program office or in-service engineering activity (ISEA). Alternate offers submitted may be forwarded to NAVSEA, SPAWAR and the NAVAIR Host Program Offices as appropriate. If due to mission requirements the current procurement cannot be delayed in order to allow sufficient time for approval of alternate offers, the SAR package will be considered for future awards.

12. **STATEMENT OF DELIVERY REQUIREMENTS**:
(a) The required delivery date (month/year) is: 06/17
(b) Ship to: Q93111 - Lockheed Martin, Virginia Beach, VA = 67 EA

14. **DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITION:** All available specifications for the above articles have been reviewed and reflect the minimum needs of the Government

TECHNICAL AND REQUIREMENTS CERTIFICATION REQUIRED BY FAR 6.303-2(b)

I certify that the facts and representations under my cognizance which are included in this justification and which form a basis for this justification are complete and accurate.

TECHNICAL COGNIZANCE:

[redacted]				07-08-2016
Signature	Name & Title	Code	Phone	Date

REQUIREMENTS COGNIZANCE:

[redacted]				7/8/16
Signature	Name & Title	Code	Phone	Date

COMPETITION ADVOCATE REVIEW AND CONCURRENCE:

Signature	Name & Title	Code	Phone	Date

CONTRACTING OFFICER'S CERTIFICATION REQUIRED BY FAR 6.303-2(a)(12)

I certify that this justification is accurate and complete to the best of my knowledge and belief. (Represents approval if less than $650K).

Signature	Name & Title	Code	Phone	Date
	K. Smith Contracting Officer	ZDB	x7236	7/12/16

APPROVAL REQUIRED BY FAR 6.304
APROVAL: (Over $650K)
