AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC H. The Government physically does not have in its possession sufficient, accurate, or legible data to purchase this part from other than the current source(s). This code is applicable only to parts under immediate buy requirements and only for as long thereafter as the deficiency is under review for resolution and appropriate recoding. This code is only assigned at the conclusion of limited screening, and it remains assigned until the full screening process resolves physical data questions and results in assignment of a different AMSC. If one source is available, AMCs 3, 4, or 5 are valid. If at least two sources exist, AMCs 1 or 2 are valid.

This acquisition will be negotiated with: RAYTHEON COMPANY (00724)

Only RAYTHEON COMPANY (00724) will be solicited because only RAYTHEON COMPANY (00724) owns sufficient technical data. Technical data is comprised of two parts, the data itself and the rights to such data. Government rights would allow the Government to distribute technical data to potential new suppliers of subject item. Technical data contain information regarding inspection and review of manufacturing techniques, special skills, qualifications, and knowledge required to complete the manufacturing procedures. As a result additional sources are either unable or uninterested in manufacturing subject item. Additional sources are required to submit a complete SAR package to qualify them as a new source.

**6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:** The proposed contract action was synopsisized and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

NAVSUP Weapon Systems Support (WSS) Code 03 has conducted a market research per the market research document. The AMC/AMSC is "3H" Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Data rights are not in Government possession. Currently the only approved sources of supply are RAYTHEON COMPANY (00724). No other sources have expressed an interest in manufacturing the subject item to the Source Development Department. To promote competition the NAVSUP (WSS) will continue to encourage manufactures with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority. Also future requirements will be advertised in the FedBizOpps website ([www.fedbizopps.gov](http://www.fedbizopps.gov)) in order to encourage potential suppliers to submit Source Approval Requests.

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

**8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:**

For reasons set forth in Paragraph (5) & (6), NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. future requirements will be advertised in the FedBizOpps website ([www.fedbizopps.gov](http://www.fedbizopps.gov))
