The Government will include a clause in this solicitation that provides that the Government will consider alternate offers, and that alternate offers should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve an alternate offer, the SAR package will be considered for future awards. This item will be reviewed under the NAVICP replenishment parts program. Should it be determined that the item can be broken out, future acquisitions will be competitive.
