5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS: The current Acquisition Method Code (AMC/AMCS) is 3H. This acquisition will be negotiated with: (16331) LOCKHEED MARTIN CORP.

Only the above manufacturing source(s) will be solicited because the articles to be acquired are highly specialized parts, and the only source that meets the governments minimum needs are manufactured by a non-Government activity. The technical data required for the above acquisition is not available to the government.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES:
This justification, the solicitation, and the resulting contract will be posted on FedBizOpps.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained, it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A technical review has been conducted, and based on this review, the contracting officer determines there are no other identifiable sources. Based on market research, the contracting officer has determined that the only known manufacturing source is LOCKHEED MARTIN CORP.

9. ANY OTHER SUPPORTING FACTS:
NONE

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition:

NONE

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION:

The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve an alternate offer, the SAR package will be considered for future awards. This item has been reviewed under the NAVICP limited screen process and determined that the item cannot be broken out. No additional actions to remove barriers to competition are required under this process.
